Reds Make Charges Of New Truce Zone Violation

Allied Officers Reject Claims Of Violations

Latest Red Claim Is That Allied Plane Made Attack

By HOWARD HANDLEMAN
(Far Eastern Director, I. N. S.)

TOKYO, Sept. 10.—Allied officers investigated today the eleventh Communist charge of an Allied truce zone violation in Korea and for the eleventh time rejected the Red claims as invalid.

A four-man Allied liaison team flew to the Kaesong truce zone and refused to concede that an Allied plane had machine-gunned the city as charged by the Reds.

The Allied officers—three Americans and a South Korean—conducted a four-hour inspection of the alleged strafing targets. Red liaison officers showed them bullet marks and a dozen .50 caliber slugs in and around houses with three-quarters of a mile of the building where the cease-fire talks were held up until August 23rd.

The Reds broke off the parley on that date, claiming that an Allied plane had bombed the Kaesong "armistice city" in violation of an agreement with the United Nations.

Similar Charge
The Reds made a similar charge this morning but this time claimed an Allied plane machine-gunned the truce zone.

Allied officers said that the bullets shown them by Reds appeared to have been fired from several directions and from different angles. This, the Allied officers pointed out, refuted the Red contention that the bullet marks were made by a plane which made only one firing pass.

Col. Don Darrow of Tacoma, Wash., senior officer on the Allied team which made the investigation.

Saturday evening's fireworks display in the Croton area, momentarily caused excitement in the district when residents thought at first an explosion had occurred. Later they settled down at a vantage point to view the fine display of fireworks which were touched off.

Workmen today are engaged in resurfacing the "Y" portion of highway where the road leads to Mt. Jackson and Wampum areas near Mahoningtown. The work is improving the road in that section. A tour of the county roads completed this summer is to be made the latter part of September.

With the opening of district colleges in the next week or two, exits to the city will no doubt witness a number of young men with well-labeled luggage thumbing their way to school. The practice saves expense money for the students who have found that college expenses have risen too.

No new detours are listed in the local district for the period ending September 14, according to the detour bulletin of the Pennsylvania Highway department for the period ending September 14 which has just been received. This bulletin is kept posted in the lobby of The News, and in hotels and the Motor Club office.

Local State Highway Department officials will urge the completion of the new bridge at Fayette which will replace the covered structure there this year. If work

Controllers Honor Dodds

Named President Of State Group

ANDREW M. DODDS
Andrew M. Dodds, county controller of Lawrence county, was named president of the State Association of County Controllers at the closing session of the controllers' convention Saturday in York.

For the past year Mr. Dodds has been the first vice president of the association, and for many years has been active in the work of the association.

He is a veteran in the service of Lawrence county. He served as deputy to County Controller Frank W. Hill for two terms and was then elected as controller.

With Mr. Dodds the following officers were elected: first vice president, Paul H. Fissell; second vice president, James W. Knox, Allegheny county; third vice president, E. Clinton Stitt, Armstrong county. The following were re-elected: treasurer, Howard K. Krupp, Bucks county; solicitor, James W. Evans, Erie county; secretary and director of publications, Carl D. Butler, Blair county.

Start Debate On Defense Funds

Funds For Terrible New Weapons Are Included In List

WASHINGTON, Sept. 10.—(INS)—The Senate opens debate today on a 61 billion-dollar defense bill which includes funds for the "terrible and fantastic" new weapons President Truman believes could "wipe out civilization."

The money would be spent, also, for superior air power, greatly improved conventional weapons, and to educate and train men to handle the death-dealing instruments.

Sen. O'Mahoney (D, Wyo.), in charge of the bill, said he will not discuss the ferociously lethal new weapons.

Silent On Weapons
O'Mahoney explained: "As long as representatives of Tass (The Russian News Agency) are permitted free access to the Capitol of the United States, I shall not talk about any of the secret weapons."

Sen. Young (D, N.D.), one of the few who have heard testimony on the startling inventions, made it clear they are something more than guided missiles. He said: "I wasn't talking about guided missiles at all."

This was in reference to Young's previous statement about the weapons, which he said are more "terrible" than anything the world has known."

Young also revealed that the mystery weapons are "in a high state of development."

Dewey And Truman To Confer Thursday

WASHINGTON, Sept. 10.—(INS)—President Truman will confer Thursday with Gov. Thomas E. Dewey of New York.

The conference will mark the first time that Governor Dewey has been in the White House during the six years of President Truman's administration. Dewey will report to the President on his recent trip to the Far East.

WASHINGTON, Sept. 10.—(INS)—Lieut. Gen. Albert Wedemeyer said today the Communists are using the same truce-breaking techniques in Korea that they perfected during the Chinese civil war.

Wedemeyer indicated he believes the Communists might even be killing their own men "in order to have direct evidence" that the Allies had broken their agreement over the neutralized Kaesong area.

This was done during the Chinese civil war, according to the former U. S. Army commander in China, who described the truces arranged between the Communists and the Nationalists as phony "cease-fire orders."

Wedemeyer said there were many of these truces during which the Communists "would manufacture a situation, then try to put the blame on the other fellow."

He added: "they might even

Six Are Dead In Plane Crashes

Three Separate Plane Crashes In Philadelphia Area

PHILADELPHIA, Sept. 10.—(INS)—Six persons were dead today and three others injured in the wake of three separate private plane crashes Sunday in quick succession in the Philadelphia area.

Five of the fatal victims were burned to death in a pleasure-flight take-off from the Phillipsburg, N. J. Airport, across the Delaware River from Easton, where four of them lived.

A Philadelphia man was killed and his woman passenger was injured in another crash in Montgomery county, just north of Philadelphia. In the third crash, near Chester, another pilot and his woman passenger, escaped with slight injuries.

Victims of Crashes
Victims of the Phillipsburg crash were: Elwood White, 27, of Belvidere, N. J., the pilot; and Miss Joan Wolfe, 16; Miss Kerry Phillips, 16; James Mayrosh, 16; and Charles Noto, 17, all of Easton.

Witnesses said their plane appeared to stall as it rose in a take-off and plunged back to earth, bursting into flames immediately. The victims were burned beyond recognition.

The Philadelphia victim was Gerald C. Crockenberg, 49, operator of a trailer camp. His passenger, Mrs. Anna Hicks, 25, suffered a crushed chest.

In the third crash, Russell Trump, 24, of Wilmington, Del., was treated for shock at Chester hospital. His companion, Miss Evelyn Pizzi, 20, of West Chester, received body bruises. Trump managed to crash-land his plane after the motor quit about 100 feet in the air.

Nelson Hearing Is Continued

PHILADELPHIA, Sept. 10.—(INS)—Federal Judge William H. Kirkpatrick today continued until Thursday a hearing seeking to remove alleged western Pennsylvania communist leader Steve Nelson to Pittsburgh to face charges of advocating the violent overthrow of the U. S. government.

The judge ordered the postponement in order to take depositions in an effort to learn if there are any connections between the Philadelphia Civil Rights Congress and the New York Civil Rights Congress.

The New York CRC supplied bail for 11 convicted communist leaders, four of whom did not appear for sentencing and forfeited \$80,000 bail.

Nelson is free under continued bail of \$20,000 which was supplied by the Philadelphia Civil Rights Congress.

Shooting Victim Off Critical List

PITTSBURGH, Sept. 10.—(INS)—Mrs. Edna Coleman, shot four times last Friday night by her estranged husband, has been taken off the critical list at Allegheny General Hospital in Pittsburgh.

Attendants reported today that Mrs. Coleman is "getting along fine."

Also wounded in the shooting was Ambrose Higgins, 20, a friend of Mrs. Coleman's daughter. He is reported in good condition in the same hospital.

Higgins was shot as he grappled with Mrs. Coleman's husband, John, who paid a wedding anniversary visit by shooting his wife.

Miss America Of 1952

Big Three To Tackle Treaty For Germany

WASHINGTON, Sept. 10.—(INS)—The western Big Three Foreign Ministers tackle today the problem of a peace settlement for Germany similar to that worked out for Japan.

Secretary of State Acheson, British Foreign Minister Herbert Morrison and French Foreign Minister Robert Schuman, arrived in Washington by plane last night.

En route they talked informally about an agenda for the ministerial meetings in Washington which will emphasize the role of western Europe in a defense alliance against Russia.

The conferences begin today at 3 p.m. (EDT) with a meeting between Acheson and Morrison. Tuesday, Acheson meets with Schuman. Wednesday the three will settle down to a mutual talk.

American officials said the victory scored by the Allies in San Francisco has strengthened the desire to the west to organize Europe for peace without the Soviets.

In connection with west Germany, the Big Three are understood to be planning a "contract" peace.

Bulletins Of News Of Day

ATHENS, Sept. 10.—(INS)—Field Marshal Alexander Papagos' month-old rightist party headed for almost certain victory today as latest parliamentary returns showed the new party continuing to outdistance all opposition.

WASHINGTON, Sept. 10.—(INS)—A leading GOP member predicted today that the Senate finance committee will backtrack and soften new levies on farm and consumer co-operatives before finishing its tax-increases bill today.

TOKYO, Sept. 10.—(INS)—India agreed today to sign a bilateral peace pact with Japan as soon as any one of the nations which signed the San Francisco treaty makes effective the agreement formally ending the Pacific war.

HARRISBURG, Sept. 10.—(INS)—House Republicans convene in special caucus today to fashion a set of taxes from a "flexible" program offered by their leaders to balance the state's billion dollar plus budget amid reports of a move by some Democratic senators to coax support within their ranks for the twice-rejected income tax.

Ystad, Sweden, Sept. 10.—(INS)—Twelve escaped Polish seamen maintained today that "Russia is marching toward a new war" as shown by "continuous communist maneuvers under complete war conditions."

Delegates To Treaty Parley On Way Home

Forty-Nine Nations Formally Signed Japanese Treaty

SAN FRANCISCO, Sept. 10.—(INS)—Most of the delegates to San Francisco's Japanese peace conference were on their way home today after handing the Russians a sound setback.

Delegates from the three big western powers were switching their attention from the Pacific to the Atlantic with a meeting in Washington.

The Russians, led by Deputy Minister Andrei Gromyko, left by train yesterday.

For Atlantic Pact Parley
Secretary of State Dean Acheson, British Foreign Secretary Herbert Morrison and French Foreign Minister Robert Schuman flew from San Francisco to Washington for another parley, this time on Atlantic pact matters.

They left an overwhelmingly successful session at which the Russians were balked in attempts to block signing of a Japanese peace treaty. As an adjunct to the treaty a bilateral defense pact was signed by the United States and Japan.

Prime Minister Shigeru Yoshida of Japan went to the airport yesterday to say goodbye to the big three foreign ministers. He and his delegation will return home tomorrow.

Some Lingering
Among the delegations lingering in San Francisco were those of the two satellite countries—Poland and Czechoslovakia—who along with Russia failed to sign the peace treaty.

Forty-nine nations, including Japan, signed the historic peace document.

Plan Auto Race With 'Hot-Rods' Of Many Years Ago

CHICAGO, Sept. 10.—(INS)—Two "hot-rods" of yesterday will take to the highways today in a unique cross-country automobile race from Chicago to New York City that features a 1913 Stanley Steamer and a 1911 Stoddard Dayton.

John H. Brause, 76, and R. H. Delaunty, 70, who will drive the two cars, said the purpose of the race is to demonstrate the capacities of antique cars on modern highways.

Besides that, Brause and Delaunty said, the race will test the relative efficiency of the steam engine versus the internal combustion engine as an auto power plant.

Delaunty will drive the Stoddard Dayton. He is a veteran of the automotive industry.

Brause will drive the Stanley Steamer. He was a vice president of the Stanley Steamer Co.

President Plans Series Of Policy Conferences

By ROBERT G. NIXON
(I. N. S. Staff Correspondent)

WASHINGTON, Sept. 10.—President Truman will hold a series of top-level foreign policy conferences this week aimed at solidifying the gains of the San Francisco peace conference "against world communist aggression."

The presidential discussions will include readjusting the North Atlantic treaty nations and the nations and the financing of rearmament effort by the free countries.

Mr. Truman will open the week's program of fortifying the San Francisco gains this afternoon with a message on the financial requirements of the rapidly stepped-up rearmament program.

Long Beach, Cal. Homes Strafed

Machine Gun On Fighter Plane Fires Accidentally

LONG BEACH, Cal., Sept. 10.—(INS)—Residents of North Long Beach's "millionaire's row" survived their damage today, and hoped there would be no repetition of the mishap which caused their homes to be strafed with machine-gun bullets while they slept early yesterday.

The firing mechanism of a Mustang fighter plane parked at the Long Beach Municipal Airport short-circuited and poured 1,500 rounds of .50 caliber armor-piercing incendiary bullets into costly homes near the Virginia golf club.

Many Buildings Hit
In an area 500 yards long and 100 yards wide the heavy slugs ripped into and through buildings, splintered tile roofing, ricocheted around rooms and gouged holes in streets and lawns.

More than 20 houses were struck and some of them were hit from 15 to more than 20 times, but no one was reported injured by the stream of bullets.

The plane from which the stream of slugs poured was attached to the Air Force's 188th Fighter-Interceptor squadron. It was on the ground, being prepared for a flight by two sergeants, when an electrical failure suddenly started the craft's guns firing.

Big 'Gas Bottle' Being Established

DELMONT, Pa., Sept. 10.—(INS)—The gas industry today was preparing what is believed to be the largest "gas bottle" in the world near Delmont.

Known as the Oakford gas storage field, the "bottle" includes 5,000 acres and will store 105 billion feet of gas valued at approximately \$20,000,000 when completed next year.

The project is being jointly developed by the New York State Natural Gas corporation and the Texas Eastern Transmission corporation at an estimated cost of \$40,000,000.

Peoples Natural Gas company of Pittsburgh, a sister company of New York State Natural, will benefit from the huge storage field.

The site of the pool is an exhausted gas field, one of the first fields to be developed in the Pittsburgh district. Old wells are being opened and rebored to store natural gas during the summer periods.

The Oakford field is expected to help solve some of the local gas company operating problems and partially eliminate winter shortages.

Hope To Avert Glass Strike

CLEVELAND, Sept. 10.—(INS)—Union and management officials resume talks late today in Cleveland in an effort to reach an agreement which would avert a threatened strike Saturday by 16,000 glass workers throughout the country.

The AFL-American Flint Glass Workers Union agreed to reopen talks after receiving a new proposal from employer representatives Saturday.

The union is seeking an 11-cent hourly wage hike for employees in hand and combination plants. A settlement on terms for workers in automatic machine and commercial mold plants was reached 10 days ago.

The employers are represented by officials of the National Association of Manufacturers of pressed and blown glassware. Federal labor conciliators also are participating.

Dr. Bennett To End Ministry At First Christian

Will End Nearly Quarter Century Service In City

DR. G. S. BENNETT
New Castle's dean of ministers, Dr. Gerson Samuel Bennett, pastor of the First Christian church on the Public Square, tendered his resignation as the pastor of the downtown church, Sunday morning, to be effective 90 days from its reading to the congregation.

The letter of resignation was read by J. Arthur Turek, secretary of the church board, in the absence of Dr. Bennett.

Executed By Firing Squad

SALT LAKE CITY, Sept. 10.—(INS)—Elise J. Mares, Jr., paid the penalty of first-degree murder early today in a dawn firing squad execution at Utah's Point-on-the-Mountain state prison.

Four high-velocity rifle bullets smashed into a white rectangle pinned over his heart at 5:46 a.m. MST (6:46 a.m. EDT). Four minutes later he was pronounced dead.

The 24-year-old, dark-eyed Spanish-American from Antonito, Colo., was calm and resigned in the final minutes before his death. He walked unassisted to the place of the execution and did not require sedatives.

Mares, an 18-year-old AWOL soldier, was hitchhiking across Wyoming in June, 1946. He was given a ride by Jack Durwood Stallings, a sailor from Corning, Ohio, enroute to California to be married.

Mares, arrested two months later, was found guilty of shooting Stallings to death.

Massacre Details Will Be Probed

WASHINGTON, Sept. 10.—(INS)—The house is expected to order an investigation this week to determine whether the Russians or the Germans were guilty of killing thousands of unarmed Polish officers during the war.

The officers were slain in the "Katyn massacre", named for the forest of Katyn, near Smolensk, Russia, and buried in a mass grave.

The Russians said the nazis committed the atrocity while they occupied the territory, but there have been accusations by Poles and others that the officers were slain while Soviet forces controlled the area.

The house rules committee approved on Aug. 15 a resolution establishing a special seven-member committee to make a complete investigation.

Eighty Enemy Planes Attack 30 U.S. Fighters

Combat Described As 'Most Ferocious'; Ground Action Also

By ROBERT SCHAKNE
(I. N. S. Staff Correspondent)

EIGHTH U.S. ARMY HEADQUARTERS, Korea, Sept. 10.—Swarms of Communist jet fighters challenged American planes over North Korea for the second day today.

Two Russian-type MIG-15 jets were reported damaged in a 30-minute dogfight between 80 enemy planes and 30 American Sabrejets. There were no Allied losses.

'Most Ferocious'
The combat, described by one Allied pilot as "the most ferocious" ever staged in Korea, took place between Anju and Pyongyang and ranged up to 34,000 feet in altitude. This was farther south than enemy planes usually venture.

In another battle near Sinuiju, Red jets fired at American Thunderbolts, but no damage was reported to either side.

In ground fighting, Allied troops launched smashing counterattacks in the "Iron Triangle" area following their victory in east Korea's "Battle of the Hills."

Unleash Attacks
The Allied forces in central Korea unleashed an attack against the Chinese that drove the Reds from one hill they had captured last week in a surprise assault.

The Chinese had taken the hill in their sudden drive south from Pyongyang, the apex of the former Red "Iron Triangle" stronghold.

Although the Red drive gained them some ground, Eighth Army headquarters said the Communists had suffered heavy losses.

Red Casualties 25,000
Gen. James A. Van Fleet, Eighth Army chief, reported that Communist casualties during the two-week "Battle of the Hills" amounted to more than 25,000, including more than 1,000 prisoners.

Front reports said that Allied artillery had inflicted the majority of 14,000 casualties suffered by the Reds during the first week of September.

The Eighth Army gave the week's total as 9,700 Communists killed, 4,500 wounded and 636 captured.

Injuries Fatal To Tarentum Girl At Texas Air Base

EL PASO, Tex., Sept. 10.—(INS)—A Tarentum, Pa., member of the Women's Air Force, thrown from a motor scooter last Thursday, died yesterday in William Beaumont Army Hospital, El Paso, Tex.

Pfc. Kathryn L. Andrews, 18 (923 Ross St.), suffered a skull fracture and brain injuries. The mishap occurred at Walker Air Force Base, Roswell, N. M.

Walker authorities said the scooter, piloted by Sgt. Arthur Ainsworth, overturned in loose gravel. Ainsworth suffered a fractured elbow and broken ribs.

I've wandered through galleries often, enjoying the work on the walls; I've thrilled to the color, the form and the line you see in the gallery walls. Inspiring, of course, and most pleasant to see what the masters have wrought, the blaze of a sunset, the green of the trees, all faithfully mirrored and caught. But I know of a huge open gallery where Nature is showing her art; admission is free, and the canvases large, where a mere man has nary a part. A drive through the country will do it, and dividends large it will pay, those pictures I see on our wild rolling hills; it's bright, 77, today.

Urges Workers To Check Social Security Status

What is present status of your Social Security account? You probably don't know unless you have checked recently.

"Future benefits to yourself or your family will depend on the wages shown in your Social Security account and it is to your interest to check periodically, at least once every four years, to see that it is correct." This is the advice of Myron Milbourn, manager of the New Castle Social Security office.

The Social Security Administration provides an easy method for you to check on your old-age and survivors insurance account. Available at the New Castle Social Security office to anyone asking for it is a postal card, form OAR-7004. Fill it out, sign and mail, and in a few days you will have a statement of the wages credited to your account.

The Social Security Administration conducts the largest book-keeping system in the world. It keeps wage records for 96,000,000 separate accounts and makes every effort to keep these accounts correct. But it is the worker's responsibility to check them occasionally to be sure they are correct.

The records show the wages as reported by the employer and if an error is made, the administration won't know unless the worker points it out.

If a worker checks his account and believes the statement he receives is incorrect, he should immediately take it to the New Castle Social Security office, room 500, Frew building, and steps will be taken to have it corrected.

REBEL BASE

ATLANTA—There will be a large Confederate flag waving in the breeze at Denver's Lowry Field. It seems the "Rebs" have taken over—numerically, at least. Staff Sergeant Harry Capington requested his father, in Atlanta, to send him a flag. The young veteran of 60 World War II combat missions wrote home that 70 per cent of the Lowry Field personnel are southerners, "and we really want everybody to know it."

Observers at the five-day San Francisco conference credited Acheson with total victory over the Soviet forces. The Reds walked out on the actual signing Saturday, but only after all their attempts to disrupt the treaty had been stopped cold by representatives of the Free Nations.

road plateau which was once the Red "Iron Triangle" was met by bitter Communist resistance.

Pound Way Over Hill

The Allies pounded their way over one hill south of Pyongyang and carried on to within a few hundred yards of a second one. The UN soldiers battled all day against some 400 Communists on the high ground but by nightfall had the Reds in retreat.

Elsewhere on the eastern front the Allies were punching forward from their advance positions but were meeting stiff resistance from the entrenched Reds.

Action on the rest of the front was limited to patrol level by the UN forces. One skirmish was reported east of the Kaesong neutral zone and there were several clashes north of the Imjin river in western Korea.

Two Red Jets Shot Down

The United States got two more jet aces Sunday as the Red Air Force sent 70 MIG-15s against a flight of 28 UN Sabrejets. The Sabrejets all came back but two of the Red planes were shot down in dogfights and one other was reported as a "probable."

The new aces were Capt. Ricard Becker, Fort Monroe, Va., and First Lt. Ralph Gibson, Mt. Carmel, Ill. Each downed his fifth enemy jet in the swirling dogfight south of the Yalu river.

The air force also inflicted continuing destruction on the Reds with effective blasting of rail and road supply routes. The Far East Air Force announced that 500 Red supply vehicles were hit between midnight Sunday and dawn Monday. Some 1,700 enemy vehicles were attacked.

The Reds were also hit by naval bombardments. UN naval units hammered at troop concentrations, gun positions and highway junctions and bridges in the vicinity of the Han estuary in western Korea.

A navy announcement said that ships of three nations participated in the concentrated action.

Relief Case Load

On Downward Trend

HARRISBURG, Sept. 10.—(INS)—The State Public Assistance department reported today that the downward movement in Pennsylvania's relief case load continued during the last half of August. A decline of 2,366 recipients—16th consecutive semi-monthly drop since January 1—brought the rolls to their lowest level since the fall of 1946.

The DPA said the total of 270,667 persons receiving assistance includes: general assistance, 26,120; old-age, 81,577; aid to dependent children, 133,857; aid to disabled, 13,716; and blind persons, 15,397.

tion, did not give an official reply to the Reds but said he would report his findings to General Ridgway for further study.

All previous Red claims of Allied zone violations have been rejected as frame-ups arranged by the Communists for propaganda purposes.

Parley Bugged Down

With the truce parley bogged down for the nineteenth day, action mounted on the battlefield and in the air war with the Communists.

On the ground, Allied troops launched a powerful counter-attack against Chinese Red forces in the "Old Iron Triangle" buildup area in central Korea and recaptured a strategic hill below Ponggang.

U.S. Far East Air Forces Headquarters reported that 500 Red supply vehicles were hit by Allied planes between midnight Sunday and dawn Monday. Some 1,700 Red trucks were spotted on the move in a continuation of the Red buildup effort.

In an interview during which he offered the highest praise for his Eighth Army troops, Van Fleet said:

"Why it was butchery. We are in business over here to destroy their troops as fast as they (the enemy) rush them in, and that is exactly what happened in those hills."

Van Fleet also grimly stated that the best remedy for the broken off cease-fire parley was victory in battle for UN troops.

Prospects of any immediate cease-fire remained dim, meanwhile.

Red China's mouthpiece, Peiping radio, called General Ridgway "the most untrustworthy" for demanding that the bogged-down parley be transferred to a new and truly neutral site—other than Kaesong.

kill several of their own people in order to have direct evidence that the other side had broken its agreement.

The Far Eastern expert said it is "plausible" that the Communists suggested the cease-fire talks which began in Korea in July for the same reason they arranged truces during the Chinese civil war—to give them time to build up their forces.

Wedemeyer made these statements in a copyrighted interview with U. S. News and World Report.

PRESIDENT PLANS SERIES OF CONFERENCES

(Continued From Page One)

He will address the opening session of the world bank gathering at the Shoreham hotel.

Discuss Foreign Policy

Later in the week, the President will hold foreign policy discussions with the big three foreign ministers. He will talk separately with British foreign minister Herbert Morrison and French foreign minister Robert Schuman.

The discussions with Morrison are considered of top importance especially in view of the continuing crisis over the Iranian oil controversy.

Presidential discussions on further steps to rearm the North Atlantic treaty nations look toward the forthcoming NATO mutual defense conference in Ottawa.

To Speak Tuesday

The President is expected to hold a number of private conferences with his top foreign policy and defense advisers to lay the groundwork for U. S. participation in that meeting.

Mr. Truman also, on Tuesday, will participate in the cornerstone laying of the government accounting office building, in Washington, at which he will speak. It is expected that, with the threat of communist aggression foremost in his mind and with the San Francisco conference just concluded, the President may touch on foreign policy in that talk.

Meanwhile, back in Washington from the west coast and a side stop at his Missouri home, the President expressed elation over the success of the peace conference and paid high tribute to Secretary of State Acheson's handling of the meeting.

On the cost of medical care

Many of the current prolonged discussions on the high cost of medical care are without foundation. Although it is true that drugs and medical services cost more now than they did ten years ago, the rise in cost has not been out of proportion to the increase in the prices of other commodities and services. The cost of a physician's call is no greater than that of a plumber or an electrician. The cost of the medicine he prescribes is no higher than the cost of a valve, a faucet, or an electrical outlet. Moreover, it must be remembered that money cannot buy good health. It is priceless. No finer, no more economical, no more efficient system of medical care has ever been devised than that which this nation now enjoys.

JOHNSON-HAMILTON QUIET CEREMONY

Miss Edna Mae Johnson became the bride of David Craig Hamilton at a quiet ceremony Saturday, September 8, in the Highland United Presbyterian church. Rev. Dale K. Milligan heard the exchange of vows in the presence of the immediate families.

Miss Johnson is the daughter of Mr. and Mrs. Charles E. Johnson, 929 Temple avenue. Mr. Hamilton is the son of Dr. and Mrs. Leland W. Hamilton, 219 Englewood avenue.

The lovely bride was given in marriage by her father. She wore a dressmaker suit of amethyst tulle with mauve accessories. Her flowers were a corsage of pink gladioli.

Mrs. Floyd D. Campbell, sister of the bride, was the bride's only attendant. She wore a dress of smoke grey with pale pink accessories. Dr. Leland W. Hamilton served his son as best man.

Following the ceremony a wedding breakfast for the immediate families was served at a New Wilmington dining room.

Mrs. Edna Johnson Hamilton was graduated from New Castle High school and until her marriage was employed in the offices of the Pennsylvania Engineering corporation. Mr. Hamilton also was graduated from New Castle High school. After serving in the army, he attended Miami university at Oxford, O., and is now enrolled in the University of Pittsburgh Dental school. He is a member of Delta Upsilon and Delta Sigma Delta fraternities.

Mr. and Mrs. Hamilton will be at home after September 22 at 6724 Thomas boulevard, Pittsburgh, Pa. They are taking a wedding trip through the New England states.

JANE MCGOUN BRIDE OF JOHN B. ROSSMAN

Miss Jane Louise McGoun became the bride of John Burton Rossman at a quiet ceremony in the Highland U. P. church on Saturday, September 8. Dr. Eugene Leggett of Grove City college officiated with Rev. Dale K. Milligan of the Highland U. P. church assisting.

Miss McGoun is the daughter of Mrs. Lucille McGoun, 302 Edgewood avenue. Mr. Rossman, 410 Garfield avenue, is the son of Mr. and Mrs. Clarence L. Rossman, East Brady, Pa.

The bride was given in marriage by her uncle, Dr. George E. Martin of Pittsburgh. Miss Carole McClain was maid of honor with Mrs. Claire S. Ragsdale as matron of honor. The Misses Billie Smith and Ann Shreffler were bridesmaids.

Mr. and Mrs. McGoun were a gown of white rose point lace fashioned with an off the shoulder illusion neckline. The full skirt and train were of rose point lace with nylon panels. Her fingertip veil of illusion was gathered to a lace cloche. For her flowers, the lovely bride chose a white Bible covered with a white orchid and streamers of stephanotis. She also observed the tradition of something old, new, borrowed, blue, and wore a six pence in her shoe.

Miss McClain wore a gown of moss green lace and net and a matching net cap. She carried a modern colonial bouquet of talliesman roses with gold streamers. The bridesmaids were dressed in gowns of the same style in gold color and carried matching bouquets with brown ribbon and talliesman ribbon.

Nuptial music was provided by Stanley Seiple of Grove City college at the organ. Miss Marie Olson, soloist, sang "Because" and "With This Ring I Thee Wed" and "The Lord's Prayer".

Following the ceremony a reception was held in the New Castle Country club. Aides were the Misses Pauline Christos, Peggy Kroen, Connie Lightstone and Phyllis Wilson.

Mrs. Jane McGoun Rossman was graduated from New Castle high school and Grove City college and a member of the Sigma Kappa Delta sorority. Mr. Rossman was graduated from East Brady high school and Grove City college. He is a member of the Delta Iota Kappa fraternity and is employed by the Commercial Credit Corporation.

Mr. and Mrs. Rossman have taken a wedding trip to an undisclosed destination by automobile and upon their return will reside at 107 East Wallace avenue.

See New Italian Demands

The Japanese peace treaty of "reconciliation," approved at San Francisco despite Soviet opposition, is paving the way for new Italian demands and it may not be long before the headlines are full of them.

Premier Alcide De Gasperi of Italy is on his way to the United States aboard the liner Queen Elizabeth to attend the 12-nation North Atlantic treaty conference in Ottawa on September 15.

He will visit Washington from September 24 to September 26. And it is a certainty that he will have with him a portfolio bulging with documentary evidence designed to show that the Italian peace treaty should and must be revised.

Some Difficult Times
De Gasperi has had some difficult times in Italian politics recently and the reasons are manifold.

But high among them is an intense Italian conviction that the western allies have been grossly negligent on two scores: (1) by expecting Italian assistance in the defense of western Europe against communism and (2) by subordinating European problems at the present crucial moment to a stabilization of the situation in the Pacific.

The Italians, of course, are giving whole-hearted support from the sidelines to the allied position at the treaty conference in San Francisco and have little use for the obstructionist tactics that the Soviets have attempted.

Less Of An Enemy
Yet they believe that in the war years under Benito Mussolini, they were less of an enemy and less of a menace to democracy than the Japan of Hideki Tojo and they find it difficult to understand why their case is being left in abeyance.

In the view of De Gasperi and his government, the attitude of Italy with regard to treaty revision is moderate indeed.

Chiefly, Italy wants restoration of national sovereignty, enabling her to control her own economy and rebuild her armed forces to a degree that will permit a real contribution to European defense.

The other main request is on purely business grounds. The Italians are asking for a sufficient allocation of defense production orders to lubricate their industrial machinery, revive stagnant factories and put an end to unemployment.

Points To Be Stressed
These points will be stressed

The Parent Problem

By Garry C. Myers, Ph. D.

CHILD WHO IS TOO YOUNG FOR SCHOOL

On the first and early days of school, there will be in many a home a lonely child too young for school, especially if he be four or five. His next-older brother or sister and some of his playmates not much older than he have gone to school.

The loneliness of this child has caused some parents to bring pressure on the school to take him before the legal age for entrance. As a result, some children enter the first grade too young. More enter too early than too late.

Center Of Stage
This child left behind may feel overshadowed when, on the first several school evenings, his playmate or older brother or sister, who has just entered school, relates with vociferous rapture and at great length his many school experiences and thus becomes the center of the stage about the fire-side or dinner table.

When do I recall the first few school days of our eldest son—he has four little girls of his own now—when his sister, two years younger, would sit big-eyed and silent listening to his vivid school accounts. After a few days, she listened with less enthusiasm, and before long she revealed indifference and still later evinced disapproval when he "raved" about school. Though she had been a joyous child, skipping about smiling and laughing much of the time before school opened, she soon became manifestly bored, depressed and sometimes a bit sullen.

Her wise mother, sensing what was happening, saw to it that some of Little Sister's experiences of the day were related in the evening, and the brother was required on a few occasions to withhold some of his usual kind of school accounts. There ensued the wished-for results, though we had to watch when the pendulum swung in the opposite direction. Incidentally, the sister entered kindergarten the next fall, when she soon captured the center of the stage by reciting her happy school experiences, her brother not being so outpouring as the year before.

More Consideration
Let me entreat parents to be considerate of the child left lonely at home during the early days of school. Neglect much of the usual household work. Read more often to this child. Pause more frequently to suggest or even help to start some new play activity for him. When he wishes you to take part in some make-believe activity of his, find time to do so cheerfully.

Now and then go for a walk with this child. Find ways to attract some playmates near his age to your premises to play with him and go now and then with him to a home where there is such a playmate. (My bulletin, "Your Child and His Playmate," may be had in a stamped envelope sent me at 235 East 45th street, New York, N. Y.)

Let us try to remember that each and every child in the family, as well as each adult there, must have to go too long without some experiences that make him feel he is worthy and important.

The earth is reported to be running slower on its axis. Washington should appoint a commission to look into the matter.

People who eat too much, says a doctor, are suffering from anxiety, loneliness, frustration and restlessness. To say nothing of a hearty appetite.

In taking his driver's test, a Russian Embassy attache made 123 mistakes. Probably considers American traffic rules just a lot of capitalistic nonsense.

With utmost vigor by De Gasperi while in Canada and the United States, and there may be in his attitude a trace of asperity as well. He and his colleagues are convinced that if the allies can confront Japan in an atmosphere of "forgive and forget," then surely the same can be done for Italy, with perhaps far less risk of upsetting the equilibrium of the world.

With regard to the forthcoming meetings in Ottawa and Washington, Italy is regarded as singularly fortunate in having its leadership in De Gasperi's hands.

He is a man of wide experience, well schooled in diplomacy and languages, and unlike many European statesmen has a genuinely international outlook.

This does not mean that he places his country's role on a secondary basis. The contrary is the case. But his long association with international affairs enables him to meet his contemporaries on an equal footing and goes a long way toward eliminating the stigma that traditionally attaches to a vanquished nation.

There seems little question that De Gasperi will use the San Francisco conference, by inference at least, as a weapon of support for Italy's peace treaty desires.

He can present a truly remarkable record of dealing with a communist menace that once gravely threatened his country; he can point to the way in which Italy has complied at every opportunity thus far granted to aid in European defense.

And—if it should be necessary—he can roll out a map and emphasize his country's unquestionable strategic position in the Mediterranean. The peacemakers of the present day are planning the peace in realism. And they cannot overlook the fact that he who befriends Italy controls the approaches to the Middle East.

LITTLE MISS BLUE JEANS
Little Miss Blue Jeans hates ribbons and laces;
Wants to wear trousers with cowboy boot braces;
Doesn't like slippers and doesn't like dresses.

A notion that sadly her mother distresses.
Today she is sure there's no garment so classy
As blue jeans, adorned with bright jewel heads brassy.

Bring out her frock and her nerves start to tremble.
It's cowboy Roy Rogers she wants to resemble.
In vain we may tell her, to parties invited
All little girls to look nice are delighted.

But Little Miss Blue Jeans insists to her mother
She'd much rather go in the garb of her brother.

Home from the party, she wastes not a minute,
An outfit's upstairs and she wants to put it on in it—
The clothes of a sheriff who daily must battle
With robbers of coaches and rustlers of cattle.

Complain? No, not I. In a few years my guess is
Little Miss Blue Jean will beg for new dresses.

SHUT EYE
Sally goes to a lot of trouble about her eyes. She puts stuff on her brows and fixes her lashes. She has some kind of drops too.

The best kind of eye drops is to drop off to sleep. If Sally gets eight hours of sleep every night she will not need to worry too much about bright eyes.

Rosy cheeks and red lips and snappy eyes are fine for Sally. Lip stick helps but the best kind of color comes from good food and out doors. It doesn't rub off either.

Candy and sodas are all right but sunshine and vegetables and fruit and sleep are the good old standbys.

TOUGH DAYS FOR THE WATER BOY!

Washington Calling

(By Marquis Childs)

"Asia For The Asians"

SAN FRANCISCO, Sept. 10.—With the Japanese peace conference over, the nightmare fear of a possible Russian wrecking operation is seen in clearer perspective. The real scare in the first instance was created not by Russia but by India.

The note sent by Prime Minister Nehru explaining India's reasons for not attending the conference was a bombshell that threatened to undermine the whole conference. While it was not disclosed at the time, it infuriated not only the officials planning the conference but President Truman himself. Nehru's note was a kind of signboard reading beneath the mottoes of language, "Asia for the Asians."

Out of the Blue
Madame Vijaya Lakshmi Pandit, Nehru's sister and Indian ambassador to Washington, had gone back to New Delhi persuaded of the merits of the treaty, and she told officials she would urge her brother to go to San Francisco to sign it. Then out of the blue came the note, delivered by an Indian attaché to John Foster Dulles at his home one evening.

In the presence of his wife, his brother, Allen, and the attaché, Dulles read it. Ordinarily fairly calm, he grew more and more indignant. What stirred his ire most of all was Nehru's charge that the treaty, which is remarkably benevolent in its terms, failed to meet the desires of the Japanese people for contentment and independence.

"How can this be said," Dulles demanded angrily, "when I have gone to Japan three times during the past year to try to work out terms that would let the Japanese people develop their own capacities, both political and economic, to the fullest extent. They have denounced me in other capitals in Asia because this treaty is too liberal. In Manila I was burned in effigy. And yet you presume to tell me that the Japanese people are not contented and independent."

An Understatement
The attaché later cabled New Delhi: "Dulles furious." And that was something of an understatement.

Unable to sleep, Dulles got up at 5 the next morning and on a piece of yellow scratch paper wrote out a reply to the note. The Nehru note and Dulles' scolding reply were both sent to the White House.

Not until that evening did President Truman get a chance to read the documents. The president's ire was at least as great as that of Dulles, one reason being that only a few weeks before Truman had gone all out to persuade a reluctant congress to appropriate money for grain to relieve famine in India.

Indignant Notations
As he read the Nehru message, the president penned indignant notations on it. "Oh, yeah?" "Who says so?" "Who won the war?" Truman himself drafted a reply that was equally as hot as the one

Our manners seem to be improving. . . . A fellow who tried to throw his bride out a hotel window later admitted he might have lost his head.

And no one will forget the glowing tribute paid the other night to General MacArthur by the man who bounced him. Although in this case nothing was said about losing head.

Then there is the delicate exchange of compliments between Senator Benton of Connecticut and McCarthy of Wisconsin always couched in the most delightful language.

McCarthy's reference to Benton as "That mental midget" is no offhand comment. . . . It shows thought and a sort of affectionate casual grace.

And Benton's efforts to bounce McCarthy out of the Senate indicate a continuing regard for the Wisconsin man's welfare. . . . Any one knows that the office of Senator is arduous and wearing.

It's a wonder that the business of the country ever gets done with the little pauses here and there for the kind word, the graceful phrase.

Great Game Of Politics

By FRANK R. KENT

McCarthyism The Issue?

WASHINGTON, Sept. 10. According to Administration politicians and publicists who always speak authoritatively if not always accurately, Mr. Truman has now "picked the battlefield." The 1952 issue, it is declared, will be "McCarthyism." This of course, is nonsense. Yet it is being solemnly proposed and discussed.

To sustain this view, the President's recent speech assailing Senator McCarthy before the American Legion is being cited. Also, there was the following speech of Labor Representative Maurice Tobin, who sometimes seems to be the CIO representative in the Cabinet. Also there were the several speeches of Senator William Benton, of Connecticut demanding the removal of Senator McCarthy from the Senate and urging the Department of Justice to take action against him. All this, it is asserted, is but a prelude to a general Administration assault upon Mr. McCarthy, directed by Mr. Truman and supported by Secretary of State Acheson, who, of course, under such circumstances could not be allowed to resign.

On the spur of the moment it is a little difficult to think of anything that could be worse than making "McCarthyism" the paramount issue in the coming campaign—particularly from the standpoint of those who genuinely deplore Senator McCarthy and his methods. In the first place, it would inflame popular passions and prejudices to such an extent as to obscure all other issues and make the fight one of unprecedented bitterness and violence. In the second place, it would be wholly ineffectual in squelching Senator McCarthy. On this issue Senator McCarthy just cannot be squelched. Already he has been called every name that can be thought of and denounced in every conceivable way in and out of the Senate. Yet this alleged Administration seems the best testimony that he has not been damaged at all. His opponents say that this is because he has the hide of a rhinoceros, no sense of decency or shame and no respect for truth.

Those who support him insist it is because, regardless of his recklessness and lack of evidence, there is so much truth in his charges that, despite Administration and newspaper denunciation, a large part of the population believe in him. Always his supporters recall the vehement Truman "red herring" description of the Alger Hiss trials and the Acheson defense of Hiss after his conviction as evidence of how little Administration denials amount to. Certainly Mr. McCarthy appears all out of charges, but an investigation headed by a Democrat, Senator McCarran, of Nevada, has been going on for weeks and appears to be going deeper and getting more sustaining facts than the Tydings committee, which McCarthy loudly branded as a "whitewash" committee. He is now "co-operating" with the McCarran committee, but he has not presented anything new or important for a long time.

Under such circumstances, to make "McCarthyism" the issue would seem the height of stupidity upon the part of the Democrats. Certainly that would be playing directly into the McCarthy hands. Left alone, Mr. McCarthy soon or late will sink into obscurity. But violent party attacks on him not only would revive interest in him but solidify and strengthen his following. Certainly it would react upon the Democratic party. It is easy to understand that the Democrats next year would like to get away from issues such as high prices and inflation, waste and extravagance, Administration scandals and inefficiency. But that they should take the initiative in forcing a discussion of the McCarthy charges, thereby reviving interest in them and him, seems plain silly.

The real yardstick by which to measure "McCarthyism" was furnished by the reception given, in the Senate and out, to the Benton resolution proposing action by the Senate to remove Senator McCarthy from that body. It simply did not stir a ripple of interest. No one, in the Senate or out, took it seriously. One reason, of course, was that everyone recognized there was no chance whatever of the Senate taking the action proposed. A second reason was that it seemed so obviously a publicity-seeking stunt upon the part of its sponsor.

A third reason was that its sponsor was Senator Benton. It is not too much to say that Senator Benton is not a very great favorite among his colleagues. A somewhat bombastic, garrulous and self-assertive Administration supporter, this rich advertising partner of the ebullient Mr. Chester Bowles, newly appointed Ambassador to India, has not endeared himself to his fellow senators by the aggressive, not to say belligerent, nature of his advocacy of all New Deal and Fair Deal practices and policies. Some there are who consider him about as great a bore as Senator McCarthy. Concerning the personal feud which now exists between the two, one senator wisely expressed the belief that this could become an ideal double murder.

Looking At Life

By ERICH BRANDEIS

We had blueberries for breakfast this morning.
Not that my breakfast menu is of particular interest to you. But these were special blueberries.

Across the basket was a blue paper band marked "Nova Scotia Blueberries." They were put up by some firm in Boston.

From Boston they were shipped to a wholesaler in New Haven. From New Haven they traveled to Westport.

I saw the berries in the market yesterday. As a matter of fact, I bought them.

My wife refused to buy ANY kind of berries at 75 cents a basket. But when it comes to food, men are a little bit like women who are going to have a baby. They want what they want when they want it.

So as I was munching my berries this morning, I looked out upon the garden.

A sparrow and her baby were having breakfast outside. The mother was feeding the baby.

"I bet that stuff doesn't cost any 75 cents," I said to my wife.

"Yes, and I bet the father sparrow wouldn't spend that much for food if he had it."

I got the hint.

So I took a different approach. "I wonder how much berries would cost us if we grew them here," I said.

And I pointed out to the lawn. It so happens that we have quite a big lawn, almost an acre.

That lawn is carefully manicured every week by a gardener and two assistants at \$1.50 an hour for each man.

It takes about three hours to do the job, plus another hour thrown in for conferences, filling the pipe,

drinking water and just plain loafing. Eighteen dollars for cutting the lawn!

On an acre of lawn one could grow quite a few vegetables and berries, couldn't one?

But vegetables and berries don't look as nice as grass and roses and zinnias and snapdragons and dahlias, do they?

Multiply my acre by all the thousands of acres that go to waste in these days of high prices. Imagine them all sown to fruit and vegetables.

What do you think would happen to prices? Down they'd go in a hurry.

I told this to my wife—with gestures. So she reminded me of an occasion several years ago when I went in for raising vegetables in Westchester County.

It was during the last war. Remember the "Victory Gardens?" I set a little plot aside for just that purpose.

I bought all kinds of tools. I got me some fine top soil. I spent something like \$49 on manure. At the end of the season I did some figuring.

Every radish had cost me in the neighborhood of three dollars! And I couldn't GIVE the tomatoes away. So I arranged them in that garden of mine to spell the word "S-U-C-K-E-R."

Come to think of it, 75 cents isn't so much for choice Nova Scotia Blueberries.

Dr. Bennett To End Ministry At First Christian

(Continued From Page One)

the members of the church received the letter of resignation with regret, due to the deep respect which they have held for their pastor.

Dr. Bennett, who has been in poor health for some little time, felt that the duties of the church were becoming burdensome and realized that the church work should fall upon younger shoulders. He has been under a doctor's care for the past few years and after weighing the matter, he deemed it best to resign.

The executive board of the church will act on the resignation at their next meeting on Wednesday, Sept. 26. If accepted, Dr. Bennett will end slightly over 23 years of service on December 9.

Future Plans

As for his future plans, Dr. Bennett told a reporter that he and Mrs. Bennett hope to continue to make their residence in the city and that he will be available, as long as health permits to serve as supply pastor in smaller churches when the regular minister is absent. He expects to keep an interest in church work, serving in whatever capacity he is called to assist.

During his 23 years of service as pastor of First Christian church, Dr. Bennett saw 800 additions to the church, officiated at 500 weddings and conducted 650 funerals, in addition to many other diversified duties outside of the church.

Activities Legion

Dr. Bennett who was born in Adelaide, South Australia, in 1882, spent the first 24 years of his life "down under" and at the age of 19, had come to the decision to enter the Gospel Ministry. He emigrated to the United States in 1906, entering Hiram college, graduating with an A. B. degree in 1913. He spent five further years of study at Union Seminary and Columbia university in New York City, being ordained in 1913.

He served as pastor of the First Christian church of Minneapolis, Minn., and was also pastor of the

Orthopedic Clinic Here September 12

HARRISBURG, Sept. 10.—(INS)

—The State Health department today scheduled 38 orthopedic diagnostic clinics from now to December for crippled persons up to 21 years old.

Secretary Russell E. Teague said the fall schedules began last week with clinics in Chambersburg and Carlisle.

He said the clinics are designed to examine physically-handicapped individuals within the age limit if they are in need of attention and not receiving it.

The schedule: September 11, Sharon; 12, New Castle; 18, Meadville; 19, Oil City; 20, Butler.

Dr. Bennett received many awards, including: Red Cross pin; war bond drive certificate, biography in "Who's Who" of the clergy and several other citations.

Dr. and Mrs. Bennett reside at 421 East Meyer avenue where they expect to continue to make their home.

South Side Church Honors Dave Lewis

First Congregational church members honored Dave Lewis during its Sunday evening service in the South Side church with an appropriate program as he is concluding 55 years of Christian and secular work in this city.

The service which got under way at 7:30 p.m. was presided over by Griffith Thomas who led in the devotional portion of the program. Mrs. John M. Evans presented a special organ number while Mr. Lewis played with two solos, one of them in Welsh. He effectively sang "When We Come to the End of the Day."

Mr. Lewis leaves New Castle to take up his residence in Canton, Ohio, after serving as a barber, choir director and pursuing other activities here for over half a century.

The First Congregational church marked the occasion of his departure with tokens of appreciation for his services to the church and community. Henry T. Jones, president of the executive committee, made the presentation speech with deep feeling of regret in the departure of Mr. Lewis from the local scene who has been active in many churches of the district.

Mr. Lewis accepted the tributes of the church thoughtfully, knowing that he had been glad to render service down through the years not expecting remuneration for his labors. Congratulatory remarks were made by Hon. Judge David Jenkins, of Youngstown, David R. Davies, of Farrell; Griff Thomas, Mrs. John M. Evans, Miss Flossie Davies, Mrs. Thomas Gray, Mrs. Margaret Thomas Trosner, Mrs. William Bludorn, William A. Lewis, Edward Davis, and Mr. Isaac.

The committee on arrangements included: Mrs. Carl Turner, Miss Kathryn Johns, Miss Flossie Davis, Dan Richards, Joseph Basketfield, Henry T. Jones. Following the program, refreshments were served in the church parlor.

Mrs. P. H. Atlee, of Oklahoma city, Okla., was a special guest. The pastor, Rev. Thomas Jones offered the benediction.

Ice Cream War Calls Out Police

ST. LOUIS, Sept. 10.—(INS)—An ice cream war in St. Louis suburbs of Maplewood and Wellston dropped prices to a record low, price of three cents a half gallon.

Extra police were summoned to keep order yesterday when thousands of customers gobbled up the supply at the warring Walgreen and Katz drug stores.

But the record level didn't last long. New supplies today boosted price back to 64 cents a half gallon. That was still 15 cents under the normal price.

Business Activity Shown On Increase

PITTSBURGH, Sept. 10.—(INS)—The bureau of business research of the University of Pittsburgh reported business activity in the Pittsburgh district was four per cent greater in August than in the preceding month.

Increased activity was general, the bureau stated, with shipments showing the largest relative gain. The bureau's index for August was 194.3 per cent of the 1935-39 average.

Industrial production was 2.5 per cent greater in August than in July and retail trade, although it increased almost two per cent, was still 14 per cent below last year's level.

New Fare Increase Now In Effect In Pittsburgh

PITTSBURGH, Sept. 10.—(INS)

—Angry Pittsburgh bus and trolley riders today began paying their fifth fare increase in less than four years, and Mayor David L. Lawrence warned that a "community crisis" is approaching.

Lawrence, in radio and television speeches last night, urged Pittsburghers to back him and the

city administration in their fight against the rate policy of the Pittsburgh Railways Company and "the connivance" of the Pennsylvania Public Utility Commission.

Trolley and bus fares have increased 100 per cent in the last three and a half years. Today's hike will add an estimated \$3,120,000 to the fare bills of riders in the Pittsburgh area.

Cash trolley fares now cost 17 cents and bus fares 23 cents. Trolley tokens sell three for 50 cents and bus tickets are five for \$1.05.

U.S. Pictured 'Island Nation'

PHILADELPHIA, Sept. 10.—(INS)—The United States was pictured today as an "island nation" which needs a strong navy to protect its surrounding waters. Navy Secretary Dan A. Kimball, speaking at ceremonies in Philadelphia honoring Commodore John Barry, explained that "it is not my purpose to tell you that the navy is the most important, but rather to show you that a strong navy is an indispensable part of the armed services team."

The secretary added that sea forces are "America's best insurance against having a war fought on our shores."

He declared:

"It is a sobering thought that our No. 1 enemy has repeatedly a submarine force much larger than Germany had at the start of the Second World War. Submarines cannot be defeated by surface fleets alone, by the air force alone. I am a firm believer in a strong, balanced and coordinated armed force."

Next Thirty Days Are Called Crucial

DETROIT, Sept. 10.—(INS)—Sen. Paul Douglas, (D) Ill., said in Detroit today the next 30 days will determine whether there will be peace or war.

The former professor of economic said:

"They will be crucial days for this country. The next month will tell whether we will have war, or no war for at least another year."

He pointed to three trouble spots: Korea; the Russian zone of Germany; and the Balkans, where, he said, "the Russian satellites, Bulgaria and Roumania, are chomping on Yugoslavia."

Sen. Douglas was in Detroit to address the final session of the National Conference of Catholic Charities.

Work songs are an ancient institution, engaged in by the early Greeks and Egyptians.

Heavy Penalties Imposed On Iran By Great Britain

(BULLETIN)
LONDON, Sept. 10.—(INS)—The British government imposed heavy economic penalties upon Iran today because of its threatened "sultanism" demanding resumption of oil nationalization talks in two weeks.

The treasury announced that Iran's halting of petroleum exports left Britain "no alternative."

The announcement said Britain has withdrawn special facilities granted to Iran permitting conversion of pounds sterling into dollars.

Britain also cancelled an arrangement giving Iran the free use of sterling for payments to and from countries in the sterling area and elsewhere.

In addition, Britain will discontinue supplying Iran with scarce goods, urgently required by Britain herself or salable in the dollar markets.

Destroyer Escort Suffers Shelling

WASHINGTON, Sept. 10.—(INS)—The navy announced today that Communist shore batteries scored three direct hits on the U.S. destroyer escort Sevier off Wonsan, Korea, yesterday.

There were no casualties but the ship suffered superficial damage and its number one fire room was flooded. The warship was also damaged by shell fragments from near misses.

The fleet at Wonsan answered the Communist batteries with a heavy bombardment, and reported destroying nine enemy guns. Wonsan, a key communications center on Korea's east coast, has been under almost continuous naval bombardment since last February 16.

POCKET PICKED
David Trott, 1210 Francis Place, reported to police that while in a Croton club September 9, his pocketbook was taken from his hip pocket. It contained \$80 in cash, a check for \$63.96 and cards, he said.

Mrs. America Winners

ASBURY PARK, N. J.—Mrs. Penny Duncan, center, earlier named Mrs. New York City, wears the crown after she won Mrs. America title over 31 other finalists here. With her are Mrs. Marcella Marder, left, of Allentown, Pa., Mrs. Pennsylvania, who received gold second place trophy, and Mrs. Peggy E. Creel, right, of St. Petersburg, Fla., Mrs. Central Florida, who took third place in the national event.

Identify Skeleton Found At Chester

CHESTER, Pa., Sept. 10.—(INS)—Chester police said today that a skeleton found in an outlying field "undoubtedly" was that of John Bonenberger, 60, a baker missing since June 15.

The identification apparently spiked early reports that the skeleton may have been that of Willie Sutton, one of the FBI's ten most wanted criminals.

Ladies Of G.A.R. To Honor Dept. President

On Tuesday evening, Sept. 18, the Ladies of the Grand Army of the Republic No. 168 will entertain their department president Mae Feick of Reading, Pa., at a 12 noon dinner in Malta hall, East Washington street.

Following the dinner, there will be a business session, and inspection by the department president.

New President Of Stock Exchange Assumes Office

NEW YORK, Sept. 10.—(INS)—G. Keith Funston, handsome, 40-year old educator and industrialist, formally took office today as president of the New York Stock Exchange at a salary of \$100,000 a year.

He inaugurated his three-year term by standing on a little marble balcony at precisely 10 a.m. EDT and sounding a gong which opened trading on the floor.

More than 1,500 brokers and order clerks, milling about on the floor below, cheered lustily for half a minute—and then plunged into their hectic buying and selling maneuvers.

The only city in the United States that receives its water supply from a city-owned glacier is Boulder, Colo.

West Side P.T.A. Selects Chairmen

An executive meeting of the West Side P. T. A. was held at the school. Mr. Wallace, principal of the school, and Mrs. Kenneth Jerry presided at the meeting.

Chairmen for the year were named. They are Earl Sweesey, budget and finance; William Nelson, by-laws and procedure; Dale Lawson, civil defense; Mrs. Walter Rishel, membership; Miss Margaretta Hess, music; Mrs. David Wheale Jr., hospitality; Mrs. Theodore Jackson, publications; Mrs. Emory Hambrich, publicity; Mrs. Lottie Eppinger, program, and Mrs. Charles Gaheger, room mothers chairman.

The next regular meeting will be held Thursday evening Sept. 13 at 7:45 in the school. Plans for a community night will be discussed with the Y. W. C. A. forums.

28th Tank Units Head For Desert

CAMP ATTERBURY, Ind., Sept. 10.—(INS)—Tank units of Pennsylvania's 28th Infantry Division began leaving today for desert training in the Mojave Desert near Death Valley California.

The units will undergo intensive

armored combat training at Camp Irwin for 45 days each.

Prior to overseas shipment with the division, men from tank companies of the 109th Regiment from Scranton, the 110th from Connellsville, and the 112th from Erie, will be given leaves after the exercises.

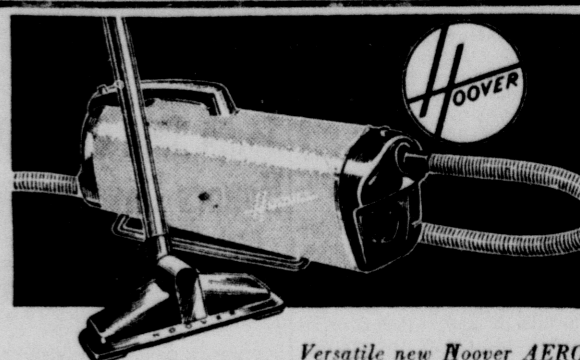

Men from the 628th Tank Battalion from Johnstown will begin their leaves next week.

Some "eye-opening" facts for every American motorist:

Kaiser cars have travelled over 20 billion miles!

Your proof of Kaiser-Frazer's engineering leadership and quality manufacturing lies in the 600,000 Kaiser cars now on the road—tested and proved over a total of an estimated 20 billion miles!

Even the "earliest" Kaiser cars not only look newer today than many "present day" cars but act newer as

well—giving good service at low cost, mile after mile after mile! That's what we mean when we say Kaiser cars are "built to better the best on the road!"

This better engineering and quality building is your assurance that the 1951 Kaiser you buy today will still be new five years from now!

Kaiser-Frazer

1951 Kaiser Deluxe 4-Door Sedan. One of 6 body styles, 12 models. Hydra-Matic Drive available in all models at extra cost.

More "eye-opening" reasons why you ought to own the 1951 Kaiser today!

Kaiser styling is better styling!

Yes, even our competitors admit the '51 Kaiser is 1951's most beautiful car! And it's officially confirmed! Kaiser has just won its second World's Beauty Prize!

Kaiser comfort is greater comfort!

You can't sit five minutes in a Kaiser without discovering it's years ahead of other cars in riding luxury. It has the lowest center of gravity of any car today—plus airplane-type shock absorbers that literally let it float down the road like a shadow!

Kaiser vision is wider vision!

One look—and you'll be convinced Kaiser has the largest glass area of any four-door sedan—plus the narrowest corner posts. A vision-engineering combination that is a new discovery in pleasure and safety!

Kaiser safety is greater safety!

You're safer in your Kaiser because Kaiser has bigger brakes than most cars. And as an extra protection, for your front seat passengers, Kaiser gives you the famous Safety-Cushion Padded Instrument Panel!

Kaiser power is thrifter power!

You get better all-around economy with Kaiser's High-Torque Supersonic Engine! It uses less oil, needs less upkeep because of its longer-lasting Flash Chrome rings, 100% counterbalanced crankshaft, engine-cooling full-length water jackets!

That's why Kaiser value is better value!

Go for a demonstration—see for yourself what a better buy Kaiser is today! Your Kaiser-Frazer dealer will open your eyes to better value!

Says Eisenhower Might 'Accept'

Kansas City Star
Publisher Speaks

WASHINGTON, Sept. 10. — (INS)—Roy A. Roberts, president of the Kansas City Star, predicts that Gen. Dwight D. Eisenhower would accept a "genuine" draft for the presidency.

Roberts also quoted Eisenhower as saying he is a "good Kansas Republican." Interviewed over the National Broadcasting Company network yesterday, Roberts said: "Is Ike Republican? Of course he is. He has told me so, that he was a good Kansas Republican, like all his forebearers."

Editors Speak

Also appearing on the program yesterday were three other leading editors—Jonathan Daniels of the Raleigh, N. C., News; William T. Evjue of the Madison, Wis., Capitol Times; and Paul Smith of the San Francisco Chronicle.

Roberts also predicted that the commander of the North Atlantic treaty armies will be the next occupant of the White House if he is nominated.

Roberts added:

"Events in Europe will determine whether he will run, in my judgment. I don't speak for him. But if rearming and rewilding western Europe together in a confident compact—and this must include the Germans as well—is well along its way, it's my guess and hunch that Ike would accept an honest-to-goodness draft for the presidency, not because he wants it, but on the grounds of duty."

Bumper Cotton Crop Predicted

Third Largest In
History Forecast

WASHINGTON, Sept. 10.—(INS)—The Agriculture Department forecast the nation's farmers would harvest a bumper 17,291,000 bale cotton crop this season—third largest in history.

Department economists predicted production would reach 25,000 bales more than was indicated a month ago. They said losses in Texas, Oklahoma and Louisiana were more than offset by gains in other states.

The current forecasts exceed last year's small crop of 10,012,000 bales and the 10-year average of 12,030,000 bales.

The department reported that good weather and relatively light boll weevil festation is contributing to a average yield per acre of 291 pounds—22 pounds above last year's yield and 25 pounds more than average.

Government officials noted however that abandonment of cotton fields reached 3.3 per cent this season compared with the long-term average natural abandonment of two per cent. The department said acreage losses have been very heavy in Missouri and above average in other states.

Division of the Territory of Carolina into the colonies of North and South Carolina took place in 1729.

News Briefs Of City Hall Activities

Chief of police Robert D. Hanna submitted to council Monday a report of police activities during August. He reported receipts of \$1,329.89, of which \$1,034 represented fines imposed. In the \$1,034 were fines for 324 parking violations, 20 traffic violations and 17 speeders. In all, 624 arrests were made.

Council approved a bill presented by the Eckles Engineering company of \$1,440 for engineering service in connection with the survey of a proposed extension of the main line sewer from Mahoning avenue to Rural avenue. The Leslie Wilson firm recently was paid \$1,190 for the work it performed.

Solicitor Robert White was instructed by council to endeavor to procure a right of way for a sanitary sewer to course over a private property between Sheridan and Garfield avenues. The sewer, if the right of way is procured, will be available for use if the property owners wish to pay for its installation.

Council authorized Councilman E. Gene Schweinsberg and Mayor John F. Haven to interview architects and determine what they will charge and also the cost of a building to house a mechanic's shop at Bridge and Shenango streets.

Upon motion of Councilman Richard I. Davis, council authorized the installation of street lights in Harbor street near Rebecca streets, and also in Agnew street.

May Develop Immunization Against Virus

NEW YORK, Sept. 10.—(INS)—A British scientist told the American Chemical society today that current research may result in an infallible method of immunization against pneumonia and virus diseases.

The scientist, Dr. Maurice Stacey of Edgbaston university in Birmingham, England, described this research at the chemical society's diamond jubilee meeting in New York.

He said: "Studies of complex sugar chemicals called polysaccharides may lead to immunizing vaccines."

Stacey noted that scientists in 1923 discovered that polysaccharides had an immunizing effect on virus and pneumonia germs. He said this discovery had led to great research and significant finds, especially during World War II.

He cautioned that this research is even now only in its early stages, but stated it "represents a new prospect for the prevention of certain virus diseases."

Dr. Stacey explained the intricate research which is still needed stems from the fact that there are more than 50 different types of pneumonia-causing germs.

Committees Plan Pennsylvania Week

HARRISBURG, Sept. 10.—(INS)—Organization of the sixth annual Pennsylvania Week, October 15-21, is virtually completed.

State Commerce Secretary Andrew J. Sordani predicted "a very successful observance."

"Throughout the counties, more people are working on Pennsylvania Week as committee members than ever before," he said.

I. S. Sahli of Beaver Falls is state chairman for 1951, leading 62 chairmen of regional or county committees and heads of industrial, commercial and civic groups.

Special Recognition

The Forbushes aren't college graduates. And they've never studied child psychology. But they have a way with children that many a college person might envy.

Here's what happened recently, for instance. Mary Forbush, 10, seems especially gifted in art. From the time she was five or six, her teachers have made much of her ability. Eight-year-old Norm, tries to do as well. But he just doesn't have the gift she has.

However, the other day he brought home a drawing of a plane that was pretty good. It didn't come up to what Mary could do, but for Norm it was unusual.

Mrs. Forbush exclaimed and asked whether she could put it up in the living room. And when dad came home, he, too, paid special attention to it. Mary went along and was enthusiastic about the way he had drawn certain parts.

The Forbushes gave just the sort of special recognition that was good for Norm. It helped him feel he could do pretty well at drawing. Interestingly enough, since his "special showing" he has been even more appreciative of Mary's work and the beginning of a tendency to "run down" her art seems to have disappeared.

Swimming For Adult Girls To Continue

Swimming for adult girls will be continued for a three-month period at the George Washington and Ben Franklin pools every Tuesday and Thursday evenings it was announced today by Rees Flannery, director of city recreation. The swimming periods will begin Tuesday, September 11, and close Thursday, November 22.

Two classes in swimming will be held each evening. One class will be held from 7 o'clock to 8:30 o'clock and another from 8:30 until 10 o'clock. A competent Red Cross water safety instructor will be in charge of each pool and will give instruction to beginners, intermediate and advance swimmers. Persons wishing to swim just for fun and with instruction may do so.

All girls who are interested in swimming are asked to register at the school either of the two evenings the first two weeks of the classes. Those registering may swim the same night.

Folks Of Fame

Born in Hayton, Lancashire, England, Mar. 5, 1908, Rex Harrison made his stage appearance at the Liverpool Repertory theater in 1924. Later he toured in Charley's Aunt, Potiphar's Wife, The Chinese Bungalow, etc. His first appearance in New York came in Sweet Aloes. Design for Living, No Time for Comedy, and Blithe Spirit are some of the well known plays in which he has played. Night Train and Anna and the King of Siam brought him stardom in movieland, and more recently the role of Henry VIII in Anne of a Thousand Days brought him more acclaim.

Randolph Scott was born in Orange county, Virginia, Jan. 23, 1903, and went on the dramatic stage on the west coast before beginning a movie career. The Island of Lost Souls, Home on the Range, Roberta, The Last of the Mohicans, Rebecca of Sunnybrook Farm, Jesse James, and other western were some of his earlier pictures. The Desperadoes, Bombadier, Corvette K-225, Gung Ho, Belle of the Yukon, China Sky, Captain Kidd, Home Sweet Home, and others were more recent.

Suffocating "Hot Flashes" stopped or strikingly relieved

in 63-80% of cases in doctors' tests!

• Are you going through "change of life" . . . suffering "hot flashes," nervous tension, irritability, weakness and other types of functionally-caused distress of this difficult time?

Then . . . here's hope for you! In tests by doctors, Lydia Pinkham's Compound and Tablets gave relief from such distress . . . in 63 and 80% (respectively) of the cases tested. Complete or striking relief!

Younger women and girls—suffering from functional pains and distress of menstruation—find Pinkham's wonderful tool it contains no pain-deadening drugs!

Surely you know that Lydia Pinkham's is scientifically modern in action! Surely

you know what it has done for others! But do you know what it will do for you? Not if you haven't experienced the relief of "hot flashes," "flashes" and irritability it so often brings at such times!

Before another day has passed, try Lydia Pinkham's the Vegetable Compound, or new, improved Tablets with added iron . . . and discover how much easier your "change of life" may be!

Court House
Guilty Pleas
Cut Court List
Bills Of Indictment
Small For Grand Jury

Pleas of guilty or nolle contendere have reduced the list of bills of indictment being considered by the grand jury today. As a result the criminal court should be short.

One case, that of a murder charge against Richard Lee Watkins will take some time, but even this may be speeded by a plea. If a plea is entered, the court would take testimony and decide the degree of guilt.

With the exception of a possible numbers trial which might take some time, the criminal list for next week will look something like a glorified alderman's court.

SURETY OF PEACE
Upon complaint of his wife, Lee Munson, Jr., was heard on a surety of the peace charge Saturday morning. Judge W. Walter Braham held him in \$500 surety to keep the peace.

SENTENCE COURT
The list of cases for September was further reduced Saturday morning when Judge W. Walter Braham held sentence court.

Myrtle Dantzier was fined \$400 and costs and jail sentence suspended for one year on a numbers charge.

Robert Stafford was fined \$100 and costs and four months in the county jail. The jail sentence will be suspended if he reports to the Western Pennsylvania Psychiatric hospital in Pittsburgh for examination and then reports back to District Attorney Sherman K. Levine.

Charles Maletta and Martin

Tomei, officers of the Ellwood Moose were each fined \$200 and costs and placed upon probation for one year for establishing a gambling house.

Hiawatha Burris was fined \$150 and costs and placed upon probation for one year upon a burglary charge.

Harold E. James was fined \$50 and costs for operating an automobile while his license was suspended.

James Barker was fined \$50 and costs and thirty days in the county jail for loitering and prowling.

Clyde Rineman drew six months in the county jail for being drunk and disorderly.

Shortage May Cut School Construction

WASHINGTON, Sept. 10.—(INS) The U.S. Commissioner of Education warned today that school construction may have to be cut more than 50 per cent in the fourth quarter of 1951 because of material shortages.

Earl J. McGrath said the projects hardest hit will be those on which work will not have started by October 1.

McGrath reported that his agency has 3,260 applications for allotments of copper, steel and aluminum in the fourth quarter, but that only 1,624 can be approved.

Chrysler

**Offers MORE
BUILT-IN SAFETY
than any other car
in America today!**

1. 180 V-8 HORSEPOWER. Even on non-premium grade fuel, built-in "Mechanical Octanes" enable the mighty new Chrysler FirePower engine to develop the most power, give the quickest responsiveness in emergencies, of all modern passenger car engines!

2. POWER STEERING. For the first time in an American car, Chrysler brings you Hydraguide* power steering. Hydraulic power does four-fifths of the work . . . gives your hand on the wheel many times more steering control in ruts, over bumps or soft shoulders!

3. POWER BRAKING. Another Chrysler engineering "first" uses power from the engine to apply the brakes at the touch of your toe. Reduces pedal pressure required for fast, smooth stops by as much as two-thirds of that otherwise needed!

4. ORIFLOW RIDE CONTROL. Chrysler's revolutionary new type shock absorbers have over twice the power of other types, to keep your car steady and stable on rough roads. Driver and passengers sit comfortably as has never been possible in any car till now!

5. PLUS THE ADDED PROTECTION of Safety Rim wheels . . . foam rubber Safety-Cushion Dash . . . Safety Vision windows all around . . . Constant-speed Electric Windshield Wipers . . . Drive-controlled Automatic Transmission.

Rev. Redmond
On Visit HereFormer Ward Pastor
Guest At Reunion

Rev. Howard Redmond, of Elkins, West Virginia was a week-end visitor in the ward. Rev. Redmond will be remembered by many as the former pastor at the Mahoningtown Presbyterian church. At Davis-Elkins college at Elkins, West Virginia where he teaches Bible and Philosophy. During the past summer he served as tennis coach for the college team.

Recently he completed some work towards his doctors degree at the University of Southern California. He also had a great interest in the Young Peoples groups of the ward and city and will be remembered for his musicianship at several of the song gatherings. A group of the young people who accompanied Rev. Redmond to the young peoples conference at Camp Delaware, the past few years, gathered with him at a local restaurant Saturday afternoon in a reunion of the group. Among those present were: Clair Galbreath, John Hall, Harold McConnell, William Bollinger, Donald Weisbaker, and John Huff.

Cleansing Drug Made Available To All Hospitals

CHICAGO, Sept. 10.—(INS)—A new drug that cleans dead tissue from wounds and body cavities has been made available to all registered hospitals in the country.

The drug, Crystalline Trypsin, produced by the Armour Laboratories of Chicago under the brand name Tryptar, has been known for years.

But its value was not established until last year when Ohio State University research surgeons showed it could safely be used to "digest" away the debris, largely protein, of various types of disease, leaving clean wounds that could heal properly.

Armour then began intensive research on Trypsin. The announcement of the drug's availability was made by W. F. Specht, president of Armour and Company.

The drug is described as a "chemical scalpel," removing dead tissue without affecting sound and living tissues.

Living tissue contains anti-trypsin factors that repel the drug almost instantaneously.

Ellwood Clubs Plan Garden Show

Members of the Garden club and Garden guild of Ellwood City will have their 1951 flower show at the Connoquessing Country club on Wednesday afternoon and evening, September 12.

The chairman in charge of the arrangements for the event are Mrs. R. J. Schill of the Garden club and Mrs. G. B. Plunkett of the Garden guild.

The judging of the show will take place at an afternoon tea for members and guests only from 1:30 until 5 o'clock. The public will be invited to view the exhibits from 6 to 9 p.m. The judge will be Mrs. William F. Lowry of Pittsburgh, noted garden authority in the Pittsburgh district.

Prizes will be given for exhibits depicting the natural beauty of Pennsylvania, from mountain, field and valley; exhibits depicting the history of Pennsylvania; glassware, aluminum and fine china from Pennsylvania industries; flowers representing homes of Pennsylvania; recipe arrangements on flowers and fruit arrangements.

The sword with the tapered point was developed by the Romans.

PEZZULO-GIANNI VOWS EXCHANGED

Miss Virginia Rose Pezzulo became the bride of Ben Gianni at a charming ceremony in the St. Lawrence church at Hillsville on Saturday morning, Sept. 8. Rev. Fr. Joseph Mastrangelo officiated with Fr. Kline and Fr. Frawley assisting. Later that evening a reception was held in the St. Lucy hall for seven hundred guests.

Miss Pezzulo is the daughter of Mr. and Mrs. Dominic Pezzulo, Hillsville. Mr. Gianni is the son of Mr. and Mrs. Harry Gianni, 403 Cascade street.

The bride was given in marriage by her father, Miss Marie Pezzulo was maid of honor and the Misses Teresa Mittica and Mary Ann Lupo were bridesmaids. James Vitulla served the groom as best man. Ushers were Norman Lupo and Angelo Scatamatchio of Pittsburgh.

Miss Pezzulo wore a creation of ivory satin and Chantilly lace. The fitted lace bodice was fashioned with a sheer yoke outlined with seed pearls and rhinestones. The full hooped skirt of lace extended into a cathedral train of satin overlaid with lace. Her veil of imported silk illusion was gathered to a halo of ivory satin and seed pearls. She carried out the tradition of something old, new, borrowed and blue. For her flowers, Miss Pezzulo chose a prayer book covered by an orchid and roses. She also carried a pair of rosary beads of her mother's which came from Rome.

Miss Pezzulo wore a strapless gown of shrimp colored satin with a net overskirt and matching jacket. She carried a bouquet of shrimp colored roses with white mums and white streamers. The bridesmaids wore blue and green gowns styled like the maid of honor's gown. They carried similar bouquets of yellow roses and yellow streamers.

Mrs. Virginia Pezzulo Gianni was graduated from Bessemer high school and is employed by the Shenango Pottery company. Mr. Gianni was graduated from New Castle high school and is employed by the Norwalk Truck Line of New Castle.

Mr. and Mrs. Gianni are taking a wedding trip to Florida and other points throughout the south by automobile. Upon their return they will reside at 403 Cascade street.

Top Financial Experts From 50 Nations Meeting

WASHINGTON, Sept. 10.—(INS)

—Top financial experts from 50 nations meet in Washington today to review the impact of the Korean war on their economies.

The talks are certain to be overshadowed by the conference of the big three foreign ministers. However, the meetings of the world bank and international monetary fund may have a tremendous impact on the economies of the whole free world.

Hugh Gaitskill, British chancellor of the exchequer, for example, said yesterday that "no decision has been made yet" on

whether Britain will ask the U. S. for a postponement of the interest payment due on the 3.7 billion dollar debt in December.

Gaitskill may very well be waiting to see what will emerge from the meetings of the board of governors of the monetary fund before making a decision.

Small Fire Occurs

At Foundry Plant

City firemen were called to the New Castle Foundry, on Hobart street, at 5:50 a. m., today, when an electric oven, developed a short circuit, setting fire to the roof above. Damage of around \$125 was done. Fire Chief H. F. Steinbrink stated.

Four fire companies were called to the scene by an alarm from Box 71.

All Troops Of North Hill Girl Scouts To Join Forces

Meeting of the Highland-McGill Girl Scout community committee of the Girl Scouts of New Castle area incorporated, was held in the Highland U. P. church on Friday evening with Mrs. A. Bates Butler presiding.

The purpose of the committee, which held its organizational meeting May 22, is to coordinate the activities of the fifteen Girl Scout troops on the North Hill plus two other troops to be organized. The committee is financially supported by a ten dollar appropriation from the Girl Scout Council for the year.

In cooperation with the Girl Scout leaders present, the decision was made by the committee that the Girl Scout program for the Highland-McGill area will begin the week of September 17 with the senior Girl Scout troop meeting on September 17. All the troops will meet in the Highland U. P. church on the following night, September 18. All other troops in the Highland and McGill schools will meet on Tuesday evenings.

The eight hour basic training session for all Girl Scout leaders, under the direction of Mrs. Forsyth of the Girl Scout Council, will hold their first meeting Wednesday afternoon, September 12, at 1:15 o'clock in the First U. P. church parlors. These meetings will continue every week thereafter for four successive weeks.

Scout Week

Plans were also outlined for Girl Scout week beginning October 28 to November 3 with a "Scouts Own" inspirational service inaugurating the week on Sunday afternoon, October 28. On Thursday, November 1, of Girl Scout Week, a committee meeting uniting all of the troops of the Highland-McGill school with the tentative program to include Miss Barbara Cartwright, National Girl Scout delegate to the Girl Scout camp at Cody, Wyoming, as the speaker.

Next meeting of the Girl Scout community committee will be held Friday, November 2, at 2:30 o'clock. The troop committee are: Mrs. A. Bates Butler, chairman; Mrs. Matthews, secretary; Mrs. Joseph McFate, Mrs. Homer Allen, organization; Mrs. F. W. Boley, Mrs. Jerry Crangi, program; Mrs. Charles McGill, Mrs. Donald Copson, training; Rev. Robert H. Mayo, Mrs. Scott Lowery, publicity; Mrs. A. Bates Butler, public relations.

DUTY FIRST

MEMPHIS, Tenn. — Tennessee smoke eaters were entertained at a convention barbecue recently at the Memphis fire department headquarters. Chief Joe Klink excused himself in the middle of the festivities, roared across town to direct his own firemen in fighting a butane gas company blaze and got back to the barbecue while the speaker was still talking. Said Chief Klink: "They never missed me."

Mother! Let Your Child Grow With THE BIG 8 IN WONDER BREAD!

Let The 8 Elements In Wonder Bread Help Your Child Grow Bigger and Stronger 8 Ways!

Note How Amazing Wonder Bread Compares With Meat, Milk, and Fish 8 Ways (as shown below)

Every good mother wants her child to develop mentally and physically at the rate he or she should.

Yet, a shocking fact is disclosed in a recent survey of 9,543 children: 4 out of 5 are not well fed according to the standards of The National Research Council.

Mother—ALL the essential food elements your child needs each day are supplied by meat, bread, milk, eggs, fruit, yellow and green-leafed vegetables.

Wonder Bread is a wonderful food, because it helps your child grow bigger and stronger 8 ways as shown in the chart.

Good for Growth and Energy

For example, growing children need

TWICE the protein per pound of body weight as grownups.

Penny for penny, Wonder Bread gives your child more body-building protein than the average of meat, milk, fish and eggs.

Growing children require energy for work and play.

Wonder Bread is a substantial energy food. More quickly converted into energy than fat. And better than fat for child growth.

Let your child benefit from the "Big 8" in Wonder Bread.

Helps Build Stronger, Bigger Bodies 8 Ways

The chart shows the 8 body and brain-

building properties of Wonder Bread.

Serve Wonder Bread with meat, fish, eggs, milk, fruit and both yellow and green-leafed vegetables in a balanced diet to supply ALL the food elements your child must have for healthy growth.

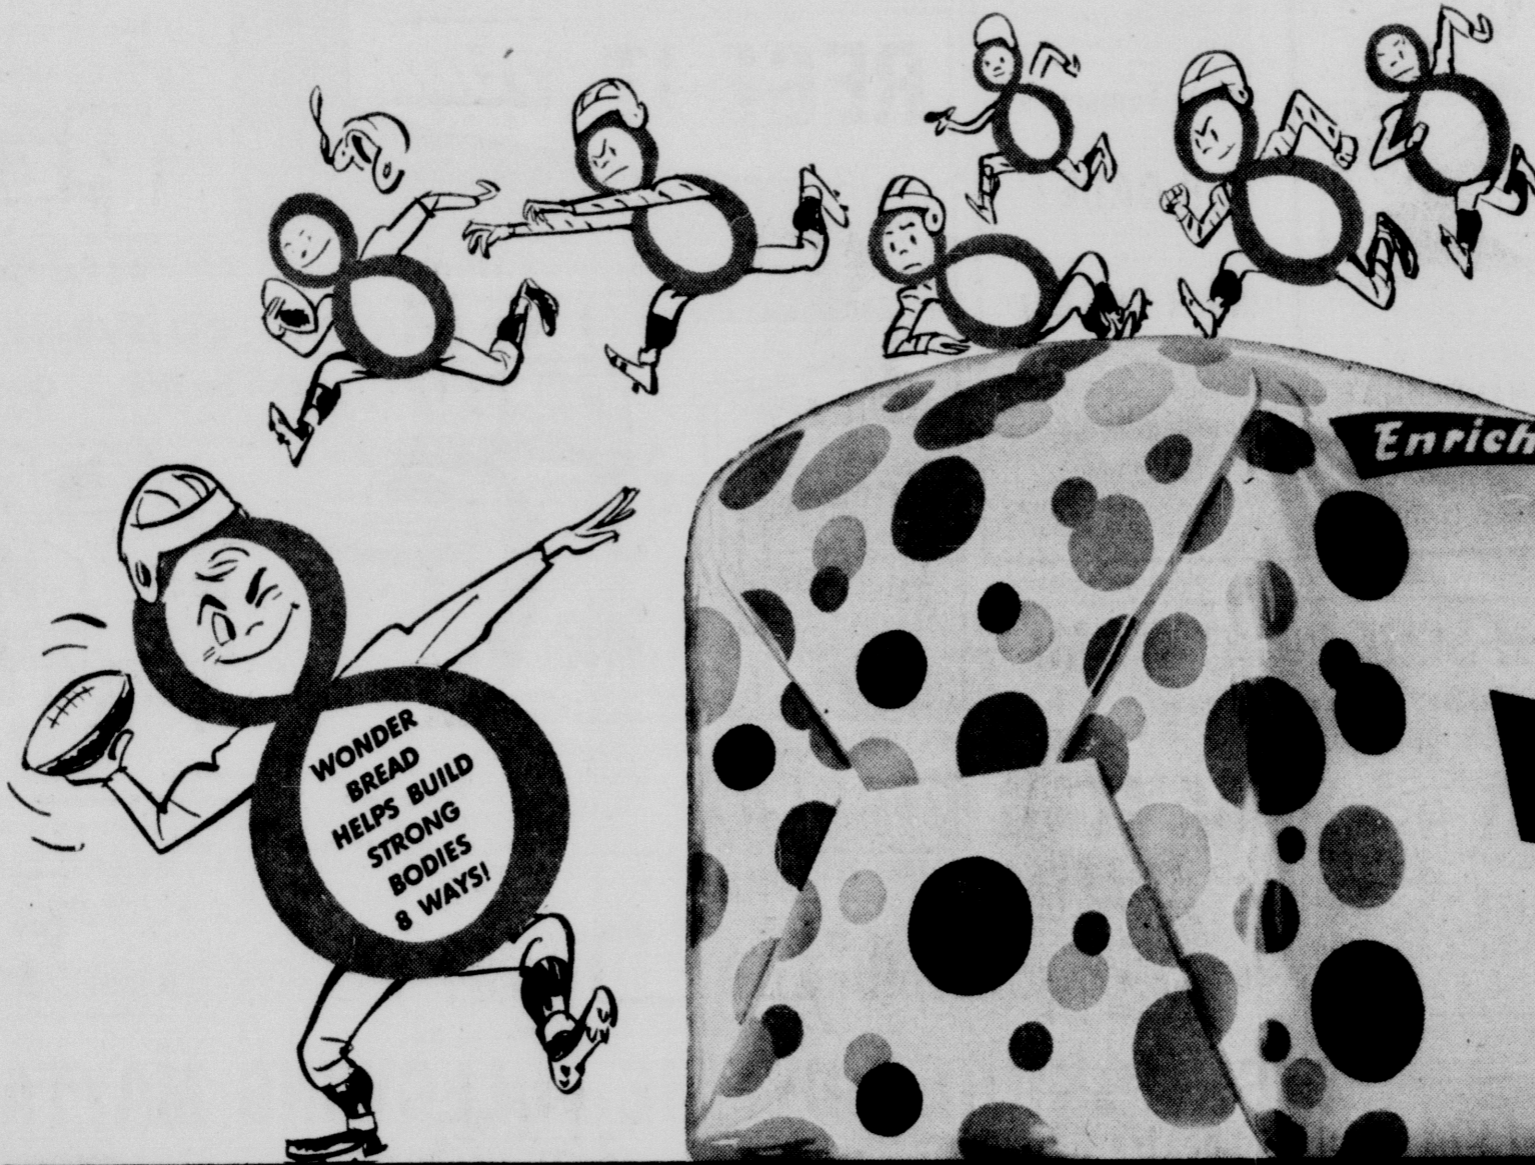

8 ounces of Wonder Bread for a growing child cost less than a dime a day. You can afford Wonder Bread for your child.

Doubly Fresh

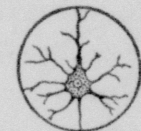

Children love Wonder Bread. Plain or toasted. Because Wonder Bread is doubly fresh—fresh when you buy it; fresh when you eat it.

Remember—the reason for buying Wonder Bread is so your child can have the "Big 8" for growth and energy.

Get economical Wonder Bread fresh from your grocer today—you'll be glad you did.

PROTEIN FOR BRAIN CELLS

BRAIN CELL

BRAIN

One of the 6 types of cells in cerebral cortex of the human brain... which contains a total of some 15 billion cells. A principal factor in cell life and development is protein. Thus, in life, nothing is more important than the quality of the food we eat.

Here's How Wonder Bread Helps Build Bigger, Stronger Bodies 8 Ways!

2 Slices a Meal and a Sandwich Daily Supply:

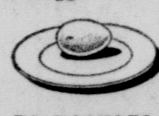

1. MUSCLE. As much Protein as a serving of roast sirloin of beef.

2. BONES & TEETH. As much Calcium for bones and teeth as contained in a helping of cottage cheese.

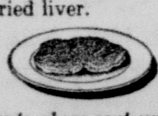

3. BODY CELLS. As much Phosphorus for cell metabolism as 1 egg.

4. BLOOD. As much Iron for rich red blood as found in 3 lamb chops.

5. APPETITE. As much Vitamin B1 to help maintain appetite as supplied by a serving of fried liver.

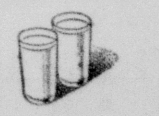

6. GROWTH. As much Vitamin B2 for growth processes as 3 slices of yellow American cheese.

7. BRAIN. As much Niacin to help maintain mental health as 6 sardines.

8. ENERGY. As much Energy for work and play as 2 glasses of milk.

Start Legislation For Purchase Of Scanlon Property

During Council meeting, which was held in City Hall Monday, council took a step looking to the future development of this city when they launched legislation acquiring property of Michael and Katherine Scanlon, south of Montgomery avenue.

According to councilmanic intention, the ground is to be acquired for future municipal development.

The plan calls for the county of Lawrence and the city to pay \$10,000, each to pay \$5,000.

It is at the site where the P. R. R. plans to erect a station.

The land, consisting of considerable size, is situated on both sides of the P. N. Y. & A. tracks, and when acquired may be used to eliminate what Solicitor Robert White believes is a "bottleneck" in Montgomery avenue.

The land is sufficiently large to accommodate the erection of a railroad terminal should railroads decide to construct one.

It is also of sufficient size for playgrounds and streets.

After the bill was introduced it was referred to committee and reported out favorably and was ordered sent to the printer, pending final passage.

Identify American Soldier Who Met Death In Berlin

BERLIN, Sept. 10.—(INS)—The unarmed American soldier killed by a German communist policeman last week was identified today by U. S. authorities as Sergeant Robert F. De Brake, 24, of Antioch, Calif.

De Brake was shot on the outskirts of Berlin when his car crashed into a barricade at the Soviet zonal border and he apparently did not immediately obey orders of the communist policeman who questioned him.

The wounded man was immediately seized by the Soviets and rushed into the communist zone. De Brake was held in a Soviet military hospital until he died of his wounds—despite U. S. efforts to secure his release.

Soviet commissioner Sergio Dengin sent a letter to American authorities in which he expressed regrets over the incident and said that the communist trooper who shot the G. I. was under arrest. U. S. officials, however, said that the Russians "failed to justify the wanton use of firearms against an unarmed American soldier."

Send Two From Here To Air Force, Army Training Stations

New Castle Army and Air Force recruiters, Master Sergeant H. O. Falls, and Corporal Peter Colia, announced today the enlistment of Arthur James Palmer Jr., of 706 Brinton avenue, into the U. S. Air Force, and Lee Roy Roland Rictor, of 427 rear Neshannock avenue into the U. S. Army.

Palmer was enlisted September 7, and sent to Sampson Air Base, Geneva, N. Y. Rictor was enlisted September 5, and transferred to Ft. Meade, Md.

RE-ENLISTS TO FINISH THE JOB

MARINE SGT. ROBERT J. WARD, 25, full-blooded Cherokee Indian, nappily tries on helmet as Pfc. Chuck Hoonan issues gear at Camp Pendleton, Cal. Ward is returning to duty less than three months after discharge because he kept thinking "the job in Korea wasn't finished yet." Ward won the respect of the nation last fall when he wrote to his mother, pleading for her permission to return to the front lines in Korea "to my dirty, stinking, and loyal platoon." His mother, Mrs. Glenn E. Peterson, Los Angeles, had lost two sons in World War II, which was reason Ward was ordered out of the front lines. Ward is married, has a daughter, with a second child coming on. He won't see combat this time. He's going to train reservists in the art of fighting Chinese Communists. (International Soundphoto)

Try And Stop Me

By BENNETT CERF

The publisher of a sleazy sex novel, replete with corny seductions and four-letter cuss words, counted on action of local censorship boards to give his book publicity. The censors, however, let him down. Even the usually vigilant guardian of public morals in Boston seemed unaware of the novel's existence. In desperation, publisher persuaded the chief of police in a dinky mid-western town to raid the local bookstore and confiscate all three copies of the sleazy novel on sale there. "I'll do it for you," promised the valiant officer of the law, "on one condition. You gotta publish my wife's book of poetry."

When Abe Lincoln was practicing law in Illinois, a dinner was arranged for him by a group of satisfied clients, and a gold watch presented to him. Mr. Lincoln began his speech of thanks, "I do not believe I deserve this honor. But you gentlemen obviously believe I do. I bow to your superior judgment."

Contract Is Let For Modernizing Park Bathing Pools

Council convened Monday morning in the city hall and sent to committee, then reported out favorably, an ordinance, granted a contract to the Hydrozone Corporation of America, Newark, N. J., to modernize the remaining two pools at Cascade Park at a cost of \$28,900. One pool is now being modernized.

The state health bureau has informed the corporation that its plans which were submitted, would be approved, providing a 1,700 gallons per minute pump to backwash the filters, were installed. Council instructed the company to provide such a pump.

Donald Fleck, secretary of the corporation, in suggesting that the city heed the suggestion of the state to install the pump wrote:

"When the job of rehabilitation of the pools is finished, the citizens will not alone have three of the most modern swimming pools but they will be the only pools in the state whose water will not burn or smart the eyes of swimmers, sinuous trouble will be unheard of and the very maximum of protection will be offered swimmers against contracting Polio."

Says 'Unfair Labor' Practices Charges To Be Preferred

Charges of unfair labor practices will be preferred against the Johnson Bronze company, Peter Costello, international representative of the United Auto Workers said today.

The charges are being prepared by attorneys for the union and will be laid before the National Labor Relations Board late today or sometime tomorrow, Mr. Costello said.

The union itself will base its charges upon the company's sending out postcards to the striking employees, and also the union will charge the company with failure to negotiate the strike issues, Costello said.

He also said that two employees will file charges against the company, claiming they were threatened with dismissal for union activities.

Senate Committee Rejects Truman's Repeal Request

WASHINGTON, Sept. 10.—(INS)—The Senate banking committee today rejected President Truman's request for repeal of the so-called Caperhart amendment to the price control law. The vote was 8 to 5.

However, the committee left the way open for consideration of an administration-sponsored alternative to repeal, namely revision of the amendment. The repeal motion was sponsored by Sen. Ives (R-N.Y.).

The committee agreed to meet again behind closed doors this afternoon to consider the administration-backed amendment, which is sponsored by committee chairman Maybank (D-S.C.).

Yanks Maintain Percentage Points Lead Over Indians

Bombers Win Two, Indians Defeat Browns, Giants Win

By HOWARD SIGMAND
(L. N. S. Sports Writer)

NEW YORK, Sept. 10.—Leo Durocher is the sorriest guy in the world today because he doesn't have any more at home like his pal Sal.

Durocher's favorite "barber"—Salvatore Maglie—can't save the balding manager's hair, but he helped put off the death of the Giants' pennant bid yesterday when he beat the Brooklyn Dodgers, 2 to 1, to become the National league's first 20-game winner of 1951.

While the Giants kept their oxygen tent status, the American league went along at its breath-taking pace. The Yankees topped the Washington Senators twice, 7 to 5 and 2 to 0, and the Indians won a single game from the Browns, 4 to 3.

The Giants, despite Maglie, are still 5½ games behind the Brooks and their chances are mighty slim.

But the magic number for Brooklyn still is 13. If they win 13 of their remaining 19, the Giants can take all of their remaining games and still have to pay to get into the world series.

Red Sox Lose Two

The spoiler Philadelphia Athletics took a double swipe at the pennant hopes of the Boston Red Sox. They belted the Bosoxers 10 to 4 and 3 to 2 to drop them 5½ games off the pace.

Eddie Robinson drove home three runs with his 27th homer and a double as the Chicago White Sox topped the Detroit Tigers 4 to 3.

Cards Win Pair

In the National league, the St. Louis Cardinals made it six straight and 13 out of their last 14 by taking two from the Pittsburgh Pirates, 2 to 1 in ten innings and 7 to 4.

The Boston Braves downed the Philadelphia Phillies, 5 to 4 and 4 to 1.

The Chicago Cubs beat the Cincinnati Reds, 7 to 3, as rookie Bob Kelly won his eighth game and then the Reds gained a split as Herm Wehmeier blanked the Bruins, 7 to 0, with a six-hitter.

Turner Battles Like Williams

Former Champion Favored To Win

PHILADELPHIA, Sept. 10.—(INS)—Young Gil Turner of Philadelphia, with a log of 23 wins in as many professional fights, meets former lightweight king like Williams tonight at Shibe park in what he hopes will be a qualifying round for a welterweight crown bout with Kid Gavilan.

Turner, 20-year-old dervish who has stiffened 20 of his opponents, including milkman Charlie Fusari, is a short-odds wagering choice over the recently dethroned Williams.

Seeks Carter Bout

But Williams, who doesn't believe the odds, figures to make the bout a stepping stone to a return engagement against lightweight champ James Carter, who took the title from him with the aid of the scales.

Williams has trained so never before for the Turner bout so it will be that much easier for him to make the 135-pound limit later on in his hoped-for rematch with Carter.

Ike is expected to beam about 145 for tonight's setto, giving him a few pounds' edge on Turner.

Ringsiders predict Williams in an early kayo, or Turner if it goes to the finish.

Amateur Golf Tourney Opens

Bethlehem Course Scene Of Action

By JOHN BARRINGTON
(L. N. S. Sports Writer)

BETHLEHEM, Pa., Sept. 10.—The six-day marathon that will decide the 1951 United States amateur golf championship began today at Bethlehem's Saucon Valley course with defending champion Sam Uzzetta leading a field of 200 in action.

The slim star from Rochester, N. Y., met Eugene Zuppann of Goodland, Kan., in his first round this morning as he bid to become the first successful defense.

The last titlist to win two years in a row was Lawson Little in 1934-35. Uzzetta might well join his distinguished company. The accuracy-demanding 6,979-yard Saucon Valley course seems uncanonically well suited to Uzzetta's game.

Stars Galore

But there is opposition galore. Every one of the 200 who tee up in this week's grind is a survivor of a record entry list of 1,422 already pared down by sectional qualifiers.

In the field are all of the victorious Walker cup squad, including Frank Stranahan of Toledo, O., runner-up to Uzzetta last year; Willie Turnesa of White Plains, N. Y., the 1938-48 U. S. and 1947 British champion; Dick Chapman of Pinehurst, N. C., the present British and 1940 American titleholder, and 1949 U. S. champ Charley Coe of Oklahoma City.

Bob Baker Meets Dale Hall Tonight

PITTSBURGH, Sept. 10.—(INS)—Unbeaten Bob Baker goes after his 23rd straight victory tonight in the 10-round feature event against heavyweight Dale Hall of Chicago at the nearby Heidelberg Arena.

Baker's handlers said the Pittsburgh knockout artist needs a victory over Hall to advance his claims to a fight with former champion Joe Louis.

Fred Palmer Wins Championship At Castle Hills Golf Course

Fred Palmer won the championship of the Castle Hills golf course Sunday by defeating Jimmy Dart on the 25th hole of their scheduled 36-hole match for the championship.

Palmer fired rounds of 36, 35 and 34 in winning his first club title. He succeeds Stan Bukowski, whom he defeated in the quarter-finals, as champion. Dart had 42, 37 and 39.

The oldest of the three golfing Palmer brothers got off to an early lead, when Dart had trouble on the greens, and maintained it throughout the match.

Large Gallery On Hand

A large gallery was on hand to see the match between two of the most popular golfers at the local course.

In entering the finals, Palmer defeated Chuck Mort, Stan Bukowski and Ange Cimmi in that order.

Dart defeated Pete Stack, Ezz Palmer and Bob Palmer, before bowing to the third Palmer.

Fred "Whitey" Quinn won the second flight title by defeating Bob England 4 and 3. Quinn shot rounds of 40, 41, 40 and 42. England had 42, 43, 41, 41.

Dal Smith won the third flight championship by downing Huck Davies 6 and 5. Smith posted rounds of 44, 36, 39, 36, while Davies had 44, 46, 41 and 40.

A MAJOR LEAGUE pitcher and two physicians have put the American sports industry on the carpet, charging that the lives of athletes are endangered because no medical care is provided until symptoms of ill health appear. St. Louis Cardinal Cliff Chambers and Doctors Murray B. Ferderber and Norman C. Ochsenshirt are co-authors of the report which was presented in Denver before the American Congress of Physical Medicine. The pitcher and the two Pittsburgh doctors teamed to report that athletes now competing in amateur and professional sports without proper training or background are in charge of the health and welfare of college and professional athletes. The report said a player would be turned over to a doctor when disability occurred, but that the doctor seldom got a chance to offer preventive care. Chambers and the doctors pointed out that an average baseball club is valued at from three to seven million dollars, and that an industrial plant of equal value would give its employees the best medical care available. Chambers and the doctors offered several suggestions to prevent athletic injury. These included a complete physical and emotional checkup before men were picked for high school, college or pro teams. Physical checkups at the beginning and end of each season, and a complete layoff or vacation for each man at the end of every season. The report said physical injuries which should receive preventive care from doctors included pitchers' sore shoulders or elbows in baseball; thick, knee and leg injuries in football and injuries to the hands and brains in boxing.

Jack Thompson reports that Rainbow Garden, Chicago, seats about 1750, and Marigold Garden, same city, seats almost 2,000 wrestling fans. . . . Hal McKim, secretary, reports the Ellwood City Rod and Gun club will meet at the clubhouse tonight. . . . Cal Hooper, game protector, has returned from Altoona, having attended funeral services of his father, who was killed by a train. . . . Dale Hall, New York boxing trainer, says: "Ray Robinson was below his best and Randy Turpin was a much better fighter than he had been rated. That's why he took Sugar Ray's middleweight title in London. When a fighter is a little off, and then meets a much better man than he was expecting, the result is pretty sure to be a shock. Robinson will be a better fighter when he meets Turpin Wednesday in New York, but that still doesn't mean Robinson is sure to win. The fight pictures show the Englishman can both box and punch. Also he can take a punch."

New Castle, Ellwood City, Shenango At Home Friday

New Castle, Shenango and Ellwood City football teams will play on their home fields this week, while Union and Bessemer will continue on the road.

New Castle will entertain Carick Friday night at Taggart stadium. Shenango will be host to Leedsdale Friday afternoon and Ellwood City will have its home opener Friday evening with Vandergrift furnishing the opposition.

Union travels to Mars and Bessemer goes to Evans City Friday night for the second straight away games for both teams.

County teams broke even in their openers last Friday with two wins, two losses and one tie. New Castle and Shenango won, Ellwood and Union lost and Bessemer was tied.

Future opponents of the county schools fared pretty well in their opening games.

Four Win, Two Lose

Four future New Castle opponents won and two suffered losses. Sharon defeated Sharpshooters 34-0, McKeesport walloped Glassport 46-6, Farrell subdued Har-Brack in a WPIAL AA game and Erie East trampled Millersburg 25-0.

Youngstown East dropped a 6-0 decision to Youngstown Rayen in a preview performance of Youngstown schools, and Turtle Creek bowed to Central Catholic 21-0.

Ellwood City's future opponents fared exactly the same as New Castle's—winning four and losing two. Vandergrift bowed to Greensburg 27-0 in a WPIAL contest, Rochester defeated Union 20-2, Sharon drubbed Sharpshooters, Midland beat Mars 24-0, Ambridge rolled over Tarentum 29-0 and Beaver Falls lost to Erie Cathedral 20-7.

Opponents of the county class B schools broke even. Evans City defeated Rimersburg 19-7, Zelle-nople rolled over Girard 19-0, Hampton defeated Shaler 24-7, Mars lost to Midland 25-0. Hope-well lost to the defending class A champion New Brighton 26-0 and Mercer bowed to Greenville 26-0.

Sugar Robinson Favored To Defeat Randy Turpin

By CHARLES EINHORN

NEW YORK, Sept. 10.—Wednesday night's middleweight championship fight between Sugar Robinson and Randy Turpin may bring about enough betting to recoup the Kefauver committee.

As of now, Robinson is a mysterious but steady 3 to 5 favorite to defeat the man who beat the ears off him in London on July 10. The next couple of days is expected to bring a flood of Turpin money and the chances are the two of them will go off about even come post time.

It has been reported, in fact, that even Britishers are getting odds when they bet on their own man in London. One reason for this may be the host of stories sent back by the multitudinous English boxing experts who claim that New York boxing officials can job Turpin out of his title.

End Training Today
Mos of them saw the recent Gavilan-Graham fight, so it is not difficult to see where they get their ideas.

Anyway, all of this has been enough to bring on a thundering wave of betting on the fight. There is, on the other hand, the attractive chance to bet on Turpin, the man who beat Robinson clearly and cleanly.

On the other hand, there is a chance to bet on Robinson, who does not figure to lose. Smarties will throw in an added bet on the referee.

Both fighters end their training today and then will stay dormant in their camps pending Wednesday's weigh-in. All indications are that the all-time record gate for non-heavyweight bouts—the \$461,789 from the Jack Delaney-Paul Berlenbach fight in 1926—will be superceded by an expected Polo grounds crowd of 45,000.

QUESTIONS

1—How many Wrights who played big league baseball can you name?

2—Which major league clubs are the farthest apart in distance (not standings); which the closest?

3—Did a baseball club ever go through a season undefeated?

HOORHEE?

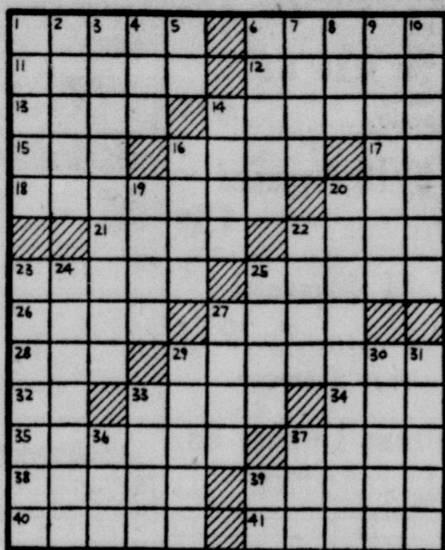

I HOLD the record of throwing the longest forward pass (53 yards) in a Rose Bowl game. My receiver was B. Stephens. We were playing for California against Ohio State in 1920. Can you give me my name?

ANSWERS

1899. Stockings won 56, tied one, in 3—Yes—the Cincinnati Red. New York Giants.
2—Both Boston and both St. Louis clubs closest are Brooklyn and William.
3—Eddie. Gene. George. Glenn. Ed. Al. Al. Bill. Bob. Dave. Ed. (Hoosier: H. P. Miller)

Home Economist Julia Kiene Will Be Here This Week

Running a home, operating a business and raising a family seem to keep the average person more than occupied. Finding this so, New Castle housewives—and all the family—will be interested in meeting home economist Julia Kiene.

As an exponent of the busy, productive life, Julia Kiene has found time to be a farm wife and mother, a teacher, author, magazine editor, a ranking food authority and an enthusiastic war worker. During World War II days she drove her own car an average of 3,600 miles monthly in the interest of victory. Deeply interested in young people, she has made a wide reputation as a children's nutrition counselor.

New Castle residents will have the opportunity of meeting Mrs. Kiene here at the Cathedral on September 11, 12 and 13 when she will be featured in the "Better Living Show" sponsored by Pennsylvania Power company in co-operation with 44 electric appliance dealers of Lawrence county. She is known from coast to coast as manager of the home economics institute of the Westinghouse Electric Corporation.

Mrs. T. Munroe Receives Honor At Dayton, Ohio

Mrs. Thomas Munroe, nee Virginia Patterson, daughter of Mr. and Mrs. Paul Browne Patterson, former residents of New Castle, was enthusiastically received and applauded upon her recent appearance with the Dayton Symphony orchestra, Dayton, O., after singing some difficult numbers in an artistic manner. Her voice, a lovely dramatic soprano, has rich tones, her interpretation being pure and distinct.

Mrs. Munroe, who formerly resided in this city, has a daughter, Mary Virginia "Tucky," who is a promising piano student.

The Pattersons and Munroes are relatives of Mrs. Fred S. Emery, of 469 East Washington street.

Two Florida Bases Return To Activity

WASHINGTON, Sept. 10.—(INS) The Air Force announced that two Florida bases, Pinecastle at Orlando and Morrison at West Palm Beach, will be activated this month.

About 2,700 airmen and 600 civilian employees will be stationed at Morrison, which will open September 16 as a military air transport base.

Pinecastle will open Monday as a bomber crew training station, with 3,600 airmen and 1,000 civilians scheduled for duty.

OLDER FOLKS OFTEN HAVE "TIRED" BLOOD

As you get older, when your color is bad and you feel tired, "all in," the chances are as high as 8 in 10 your blood is below par. Then it's time to try Geritol—the scientific blood tonic made especially for people over 35. Pale, weak blood leaves you "lousy," tired and "blue." Red, healthy blood goes with dynamic energy—gives that "million dollar" feeling. Geritol's action is amazing—within 24 hours Geritol iron appears in your blood. Geritol also contains remarkable Vitamin B₁₂, the wonders of which were described by Reader's Digest. If your doctor says you need an iron-blood tonic—get Geritol at your drugstore today. See how much better you feel as your color improves and tiredness goes.
